## Burglar Dives Out Window To Escape

Housewife Surprised  
Intruder; Thefts in  
Area Include 2 Guns

A burglar was surprised in a Granite City home, four burglaries occurred, two guns were stolen and there were seven other theft reports, Quad-City area police and deputies reported this week.

Mrs. Edward Juneau, 2656 Delmar avenue, chased a burglar in her home at 10:50 p.m. Tuesday, but he escaped by diving out a front bedroom window through which he had entered. She had caught him by the back of the shirt and trousers, but he broke loose.

Mrs. Juneau said she was asleep in a back bedroom when she awakened and saw a man in the hall with her purse that had been on a table in the family room. The man entered the bedroom and looked around, then crossed the hall to enter the bedroom of the Juneaus' older son, Charles, who was asleep.

"I heard some change rattling and then I knew whoever it was didn't belong here, so I crossed the hall and grabbed the man by the back of his shirt and trousers. I yelled and he screamed and turned around to leap across the bed."

"I was still holding on and screaming and so was he screaming as he ran into the other front bedroom and dived through the window."

Mrs. Juneau said she saw another man outside, and both men fled in the darkness. In the confusion, the burglar dropped the purse.

Mrs. Juneau was in the family room watching television and had dozed. He was awakened as his wife and the intruder were screaming. By the time he got down the hall, the burglar had made his escape.

Mrs. Juneau said the burglar was about 30 years old and five feet, eight inches tall, weighing about 170 pounds. He wore a dark blue slipper shirt with white rings at the collar and sleeves and light-colored trousers.

The front window had been unlocked.

**Joyce Sykes, 2335 Rock road,** reported at 9:20 p.m. Monday that her house was ransacked by burglars after 6 p.m. Some records were missing. Neighbor children reported seeing other youngsters leaving the house at about dusk. Entry was gained through an unlocked front door or side window.

**Francis C. Mulvihill, 2027 Bryan** reported at 3:50 p.m. Wednesday that his house was ransacked and vandalized after last Friday. Nothing was

## Sternberg To Lead 100,000 Optimists

GC Contractor Elected  
International President  
Of Service Clubs

Gene H. Sternberg sr., 2022 Cleveland blvd., former Seventh Ward alderman, civic leader and operator of a Granite City construction firm for 18 years, was installed today as president of the nearly 100,000 member Optimist International. He was elected Tuesday at the Optimists' 50th international convention which ends this evening at Louisville, Ky.

The new international president will be honored next Wednesday evening by representatives of numerous service groups, city officials and friends at a seven o'clock dinner, sponsored by the Granite City Optimist Club of which he is a member and former president.

The gala affair, scheduled to take place in the Ranger Room of the University Center at Southern Illinois University-Southern campus, will feature as principal speaker, Dr. Tom Haggal, nationally-known orator and minister, whose syndicated radio program, "Values for Living," is broadcast daily from coast-to-coast. A capacity crowd is expected.

**Elected in 1961**  
Russell Dunham of Alton, winner of the Congressional Medal of Honor in world war II, was the principal speaker at the "Honoring Americans Night" program, sponsored by the United Council of Americans at the Venice-Madison Legion hall.

A parade at 6 p.m. today, starting at 14th street and Madison avenue and proceeding through Madison and Venice, will conclude the two-day Americanism event.

An estimated crowd of 500 persons was on hand yesterday to hear Dunham and other speakers, most of whom are veterans or represented service groups. Program participants included Howard D. Elliott, American Council president, who described the purpose of the newly-chartered organization; Harold R. Mandle sr., president of Aired Shrine; Louis Roumman of the Fleet Reserve Association; Mrs. Thomas E. Weston, Madison NAACP president; and U.S. Air Force Capt. Gordon Luce of Wright Patterson AFB, O.

More than 20 Vietnam returnees received citations which paid tribute to their efforts and a further 100 certificates were presented to the families of servicemen who are on duty at the time.

**Cyclist, 12, Injured**  
A young bicyclist, Darrell Boyd, 10, son of Mr. and Mrs. Marion Boyd, 659 Salveer street, Venice, was hospitalized Wednesday morning after being struck by an auto in the 500 block of Mercedia street.

Police said the boy suffered cuts to the head and leg abrasions and was taken to St. Elizabeth Hospital by the motorist, who was given police escort.

The driver, Odie Medley, 30, of 631 Mercedia street, told police he was driving south when the bicyclist appeared in the street from between two parked cars. The boy was

## Maeras Seeks Help to Curb Drinking by Minors

Madison Mayor Stephen Maeras is calling for the help of tavern operators, parents a n d youths themselves to help curb the use of alcoholic beverages by minors.

He is sending special letters to liquor license holders asking for their cooperation along with applications for new licenses, which are due in Madison July 1.

"I know from my long experience as mayor and local liquor commissioner that none of you would purposely serve a minor, because morality you do not believe in doing so and certainly none of you desire that type of trade."

"Occasionally a slip-up occurs and a minor is served. Then the real trouble begins. The youngster gets into some kind of trouble due to being intoxicated and not in full com-

mand of his or her faculties or because the alcoholic is in to do things that ordinarily they would not do."

"Then the parents get angry, and one cannot blame them. They want the scalp of someone and it's usually the liquor commissioner and the liquor license involved and in many cases they do not know which particular establishment is involved. Consequently, all the liquor establishments are blamed."

The mayor also noted that some youths can obtain alcoholic beverages outside of the city of Madison, and in some cases a person of 21 years or older purchases liquor or beer and gives it to minors.

This is a misdemeanor and is punishable by a fine and a jail term as it is contributing to the delinquency of a minor, he added.

T-MARKERS being painted on downtown streets in Granite City to make it easier for motorists parking at meters. The work was started this week by city painter, Thomas Reynolds (kneeling), aided by Frank Hufstader, as Police Lt. William Condis of the traffic division supervises.

## 500 Hear Talk By Honor Medal Winner; Parade

"Then the parents get angry, and one cannot blame them. They want the scalp of someone and it's usually the liquor commissioner and the liquor license involved and in many cases they do not know which particular establishment is involved. Consequently, all the liquor establishments are blamed."

The mayor also noted that some youths can obtain alcoholic beverages outside of the city of Madison, and in some cases a person of 21 years or older purchases liquor or beer and gives it to minors.

This is a misdemeanor and is punishable by a fine and a jail term as it is contributing to the delinquency of a minor, he added.

**Body of Drowned Youth Found at Venice Dock**  
The body of James Dutton, 18, of St. Louis, who drowned at about 8 p.m. last Thursday near the Chain of Rocks low water dam, was found at a Venice dock.

The youth was spotted floating in the water by Luther Mathenia, 622 Bend road, who spends summers living in a houseboat at the dock banks. Mathenia, who is active in rescue operations, secured the body and brought it to the river bank. Coroner Leonard Davis was called to the scene.

The youth, son of Mr. and Mrs. Fred Morris of St. Louis, was watching the Wood River Emergency Corps rescue three other Missouri youths from a rock slide near the dam. He was swept away by the current about 15 feet from a rescue boat.

Dutton was taken to a St. Louis funeral home.

## Partney To Veto Repeat Action

Says Council Will Have  
To Go to Court to Get  
Appointment Authority

Determined Granite City council members voted 3-to-12 Monday night to repeal a 1964 ordinance which gives the authority for appointed Aldermen solely to the mayor. The repeal would give the authority to the council, with the mayor permitted to select the chairman from the names submitted by the council.

Mayor Partney, who named his committees on May 20 only to have confirmation deferred, made no comment during the council's action, but after the meeting said he would veto the repeal and would hold his ground even if it were a mandatory suit and court proceedings.

As a matter of routine, the mayor called upon his committee chairmen for reports during the council sessions. Those submitting reports since the May 20 appointments have been all recommendations rejected by the council. Most of the recommendations have merely answered with "no report."

In order to accomplish some business, the payment of bills and salaries then is brought up under "unfinished business" at the end of the meeting by another alderman, and approval is voted.

**Vote on Repeal**  
Only Alderman Rutledge, Fry and Jarrett voted against the repeal ordinance. Voting for it were Dallas, Moerlein, Bartles, Whitmer, Boyd, Poulos, Green, Bassich, Parnell, Robertson, Dawes and James.

The ordinance report came late in the evening. Alderman Jarrett had left to go to work.

The routine followed Monday night was the same as during the past two meetings. The mayor called upon Alderman Paul Rutledge, veteran Finance committee chairman, for his report.

Rutledge submitted the bill list for approval. It was voted down 4-to-12.

The comptroller's monthly financial report for May was submitted for acceptance. It, too, was turned down by a vote of 4-to-12.

Rutledge then commented, "I have nothing else to be voted down at this time."

Under the Finance committee report, Alderman Jarrett asked that reports be prepared by the treasurer and comptroller to show the amount of money deposited by the city at the close of the fiscal year on April 30. This was later altered to submit written records of amounts on deposit by the city.

Alderman Robertson asked again for a report on his request of a month ago for a meeting with a committee of two bankers and a third financial officer.

## Inclusion of Sexuality in School Curriculum Studied

Development and implementation of a sex education program in the Granite City school system during the next two years is the goal of a steering committee organized this month.

Recommendations currently being prepared are to be submitted to the school board for consideration and possible adoption.

The topic has been considered "taboo" in many school districts, except for reference to it in general science and biology instruction.

But attitudes are changing, on the theory that a subject cannot be eliminated from having an impact on students merely by omitting it from the curriculum. Information is obtained, in any case, but with much misinformation, it is believed.

About 30 persons have met at various times since February to discuss ways of evaluating and revising the present curriculum of the community unit school district.

Include All Grade Levels  
Their primary goal and topic of discussion was defined as "direct and continuous instruction in all aspects of human sexuality in all grades, kindergarten through twelfth grade."

In addition to teachers, nurses, principals, consultants, school board members and administrators, the group has included members of the medical profession, Catholic and Protestant clergy, and parents from all walks of life.

The steering committee created in June is a condensed version of the initial discussion group. Involvement of an undetermined number of other residents is planned, depending on the number of subcommittees formed.

Among those who have been asked to provide a link between the steering committee's work and the school system are Owen F. Humphrey, curriculum coordinator of the district, and Carl Macios, school board secretary.

Four basic concepts of the preliminary plan are:  
"1. Health is to be considered as that quality of life which renders the individual fit to live most and serve best. It is a complete state of physical, mental and social well-being and not just the absence of illness."

Development of Values  
"2. Sex is what you are, not what you do. Family life and sex education is aimed at helping young people to develop attitudes, values, goals and behavior—based on sound knowledge—that will better enable them to understand themselves as total sexual beings and all the accompanying responsibilities."

"3. Sex education has its beginning at birth and remains a continuous process; a curriculum planned for pre-school through grade twelve is needed. Equal concern needs to be given parent education."

"4. Sex education and health education cannot be an isolated facet of education; units should be planned in all appropriate subject areas."

Task of Entire Community  
The discussion group has con-

cluded that "teaching what it means and takes to be a man or a woman in the present day, with self-respect and social responsibility, must be the whole community's job through all of its social units working cooperatively—families, churches, schools and community agencies."

"Schools are the most logical institutions for reaching the delinquent boys and girls. Concerted action by all agencies is mandatory to support the school effort and dispel community misunderstanding."

"No single agency should assume leadership alone. This approach would limit broad community support and/or generate misunderstanding."

The ten-member steering committee is intended to be representative of all appropriate community groups, selected for its leadership qualities, real interest, and ability to stimulate implementation of plans on political levels.

Study Resource Materials  
Probable steps are a study of the best available instructional and resource materials; exploration of the need for and attitude toward such a program in ample time for public awareness and support to grow; planning of the program, followed by board action, with the actual writing done by a subcommittee of school personnel; in-service training of teachers; gathering of instructional materials; start of instruction; and development of a plan for evaluation and any needed revisions.

Some organized opposition is expected, based on experiences elsewhere.

However, the need is regarded by many as outweighing whatever disadvantages exist.

Wiring Causes \$950 Damage at Apartment

Ashort circuit in the wiring caused damage totaling \$950 at the apartment of Betty Wallace, 2055 Cleveland blvd., about 11 a.m. Tuesday.

The building is owned by Arnold Ross. The loss included \$500 to the building and \$150 to the contents.

At 3:40 p.m. Tuesday, firemen were called to 2100 Mon. street where a carburetor backfire caused \$50 damage to an auto owned by Danny Towery.

## MORE ABOUT Partney to Vote

financial condition for the council.

Mayor Partney replied that the meeting was still to be arranged. Rutledge also supplied an answer. "Due to the problems of the council, I'm not going to involve two innocent people. If anyone else on the council wants to, they can call the meeting. The bankers have said they would be willing to meet and review the finances. But you have all the information you need in the comptroller's annual report and in the monthly reports. All the information is there. All you have to do is analyze it."

"I don't think anyone would be willing to tell you what will be available in finances next year. In past years, you've been critical of estimates. You can figure it out for yourselves. You know the city's assessed valuation and the tax rate, and the financial reports show the income that has been available from other sources in past years."

"With things the way they are on the council, I will not ask these people to sit down with the council," Rutledge concluded.

**Competent Officials**  
Whitmer commented that he believed the city had competent officials—the treasurer and the comptroller—to give the council all data it would need to build a new budget.

Alderman Boyd, who would head the Finance committee, said the council's present financial disagreement went back to last year when it was predicted the city would go into the red if special improvements were carried out with general funds.

The mayor vetoed most of the special street improvement projects.

Boyd added that he had called for a cash balance figure from the comptroller at the close of the fiscal year and found there was \$385,000 available. "People want those special projects," he added.

Rutledge replied that he had estimated \$292,000 would be available, and the actual figure for available funds—not those earmarked for special purposes or non-transferable—and the actual amount was \$263,000.

"Our only problem," he said, "is to determine how much you can spend next year."

**Cash Cushion Needed**  
He stressed that a cash cushion is needed for payment of salaries and operating costs in the period after the close of the fiscal year on April 30 and the receipt of new tax collection money, which usually is not available until July.

"You can draw from the working cash fund, but that has to be repaid from tax money. Once you start doing this you never come out ahead."

Nomm commented the city was a \$2 million business a year. We've got to keep the city in the black and we should stay away from politics in the financial matter and should lay everything on the table. We have a modern bookkeeping machine and we're not using it. We should have all the information."

Mayor Partney answered that the records are laid on the table each month with the monthly financial reports. He added that \$300,000 in reserve cash is needed at the close of fiscal year to pay salaries without having to borrow money and pay interest.

Balance of \$665,213  
The monthly financial report for May showed a total cash balance on May 31 of \$665,213, of which \$149,819 was designated as non-transferable.

At the conclusion of the discussion, Alderman Bartosiek presented the council with a check for \$34.32. The alderman said he had received compensation from the city for a day's work at a Wood River refinery for appearance at a circuit court trial over a sidewalk injury in April and that he was paid by his company for the day.

It was at the end of the meeting that Alderman Moerlen, a member of the council's Finance committee, re-submitted the bill list for approval. Payment of the bills was authorized.

**Granite City Demos Re-Elect Warfield**  
An election of Granite City's central committee of Democratic Committee members, was held Wednesday evening, in the home of Leonard Davis, 3728 Fair Oaks drive, candidate for county coroner.

Street Supt. William Warfield was re-elected to the office of chairman, Dan Churwich, first vice-chairman, Alderman Gerald Parmley, second vice-chairman, Sam Wolf, secretary, and Bob Ming, treasurer.

## Accommodating Cow is 'Gracious' at SIU Barn

Premient Acres Gracious, gentle eight-year-old Guernsey cow in the Southern Illinois University Dairy Center herd at Carbondale, is glad that May is past. She had to put up with a lot in May, but she has experiences to tell about that none of the other 90 or so cows at the Center can relate.

Simply called Gracious, the accommodating old cow was the object of affection and attempted milking by most of the 1500 school children from a dozen area schools that visited the Dairy Center and other livestock and poultry units of the SIU School of Agriculture in the final month of school.

Most of the visitors were kindergarten, first, second and third graders, who came in groups of 15 to 30 or more by car or school bus with their teachers to learn first hand about such farm animals as cows, pigs, horses, sheep and chickens.

William Doerr, SIU's superintendent of Experimental Farms, and staff members in charge of livestock centers have the ability to talk the language of the small children and make these visits a valuable learning experience. They always get numerous "thank you" letters from the visitors upon their return to school—a convenient lesson in composition for the children.

**Frank Observations**  
Some children are frank in their observations. One boy wrote that the "piss stink, but it was not too bad." Children who held their noses at the strong aroma as they went past the silos decided the silage was made of like pickles and something cows would like after a hard chance to handle and smell a bucket of fresh silage included in a display of cattle feeds arranged for their observation.

In addition to trying to hand milk a cow and also seeing the milking machines used on modern dairies, the regular routine at the Dairy Center included showing the children that cows have front teeth only, the lower jaw, and telling them about the four stomachs a cow has to store and digest her food.

Most youngsters were fascinated by a visit to the pig nursery at the Swine Center, where they could play with a clean white pig. Feeling the wool on sheep, or feeding freshly hatched fuzzy chicks was a delight to many.

Like Mrs. Dena Reichardt, kindergarten teacher at Carbondale's Lewis school, most of the teachers fit the visit to the SIU farms into a teaching unit on farming and the products of the farm. Having the chance to see farm animals and forcing activities adds realism to the school work because, she says, most of the children are town dwellers who have little or no knowledge about farming. The study unit includes advance preparation for the field trip and then follow-up learning experiences that include numbers, writing, sentence building, reading and art.

Young Strickland was employed by the Young Metal Products Co. here. Other survivors include a sister, Sharon, a brother, Wayne Strickland, and his grandparents, Mr. and Mrs. E. C. Strickland and Herb Dradandt.

Southern Illinois University will conduct a six-week summer institute for advanced study in geography beginning June 24.

**OUTING FOR STALLINGS CUBS AT CAHOKIA MOUND**  
Cub Pack '98 of Stallings Mound met Monday at Cahokia Mound State Park for a father-and-son ball game followed by a winner roast. Seventy persons attended.

**William Watson is Attending Math Institute**  
William Watson, 4269 Reveille drive, is one of 30 junior high school mathematics teachers representing schools in 19 states attending a summer institute in mathematics at Ball State University in Muncie, Ind. The institute consists of two formal courses in mathematics, began Monday and will continue through Aug. 9.

**Eagle Candidates**  
Boy Scouts of Troop 23B gathered Tuesday evening at the Long Lake firemen's recreation hall for a meeting. Later, Scoutmaster Leonard Barron accompanied Scouts Rudy Reber, Danny Kreher and John Harper to the Boy Scout office for successful appearances by the three before an Eagle board of review.

**HERE ON LEAVE, WILL PREPARE FOR VIETNAM**  
Pvt. Gerald Lindsey, son of Mr. and Mrs. Benton Lindsey, who formerly lived on Highway 162, is home on a 15-day leave after completing Army basic training at Fort Leonard Wood, Mo.

After his leave, he will go to Fort McClellan, Ala., for eight weeks of schooling in light infantry weapons. Then he will go to Georgia for eight more weeks of training prior to assignment to Vietnam.

Pvt. Lindsey's brother, Jim, resides on Highway 162. His grandparents are Mr. and Mrs. Joseph Harp of Edwardsville and Mr. and Mrs. John Trebing of Stallings.

**Rev. Dan Williams On Dean's List**  
Rev. Dan Williams of Venice is included in the dean's list for superior academic performance for the semester just ended at McKendree College, Lebanon.

**Mrs. McKinney**  
At Venice, she continued her studies at the University of Illinois, Champaign-Urbana, from where she was awarded a master's degree in education in August 1954.

She held the post of Lincoln grade school principal for 18 months prior to consolidation of all grade school classes into the elementary building on Broadway. Since that time she has served as assistant principal.

Presently, Mrs. McKinney is teaching a basic adult education course at the Venice-Lincoln Technical Center. She will assume the duties of grade school principal in mid-August. Adopt Special Education Plan

Another action Monday evening, the board signed an agreement with the Granite City and Madison school districts formally establishing the Region I Special Education District of Madison county.

Conforming to the special district's by-laws, Board President Michael Leatherman Jr. re-affirmed the appointments of Board Member Jack C. Tolliver and Venice School Supt. Pier as members of the Region I board. Alternate members appointed were a Board Member Richard H. Bailey and Assistant Supt. Vickers.

Tolliver reported to the Venice school officials that two psychologists, Milton Kentes and Richard Komm, are to be hired by Region I starting August 15, with their contracts extending through June 13, 1969, at salaries of \$12,325 each. Both will be covered by fringe benefits applicable to teachers and administrative personnel in the Granite City school district.

Supt. Pier noted that \$5000 of each salary figure is reimbursable from the Illinois Office of Public Instruction, with the remainder, plus additional expenses, pro-rated to the three districts on the number of students served through the program.

Tolliver said the Granite City school district will act as the administrative district for the special education program and the Madison district will provide office space.

Repairs needed in the Venice high school building prior to the start of the classes this fall were discussed at length. Projects recommended by Lewis E. Sabin, high school principal, were referred to the board's building committee for investigation.

## Girl Scout Camp Bus Schedule Is Announced

The River Bluffs Girl Scout Council is announcing the Camp Lakota Day Camp bus schedule for the week of June 24 to 28 as follows:

Bus No. 1, will leave Weaver and Market streets, Venice, at 8:30 a.m.; Madison Recreation Center, 8:35; Emerson school, 8:45; Lake school, 9; and the B.C.B. Truck Stop (Hwy. 111 and 162) at 9:05.

Bus No. 2, Mitchell school, 8:20 a.m.; Maryville school, 8:30; St. Elizabeth school, 8:35; Nameoki school, 8:40; Niedringhaus school, 8:50; and Frohardt school, 8:55. (Due to road construction at Frohardt school, the girls will be picked up on the corner of Johnson road and Edgewood driveway, Wilson school, 9; and St. John's United Church of Christ, 9:05.

Buses will arrive at camp at 9:30 a.m. and depart at 3 p.m. Return bus stops will be in reverse order.

## New Programs Planned At Park's Rink-Center

Several more activities are planned for the summer at the Rink-Recreation Center of Wilson Park announces Pete Robinson, recreation supervisor of the center.

A gymnastic program for the junior and senior high school girls which will include trampolines, tumbling, balance beam, and uneven bars will be held each Tuesday and Thursday afternoon, from 2:30 to 3:30. Instructor will be Pete Robinson.

Stanley Wojcik will conduct a volleyball league for junior and

senior boys on Monday and Wednesday from 3 to 4 p.m.

The Adult program, which has been in progress for the past two weeks and is well received, will begin activities promptly at 7:30 p.m. each Monday evening Robinson said.

Included in the program are tables set up for pinocle and bridge games, checkers, chess, table tennis and shuffle board. For those interested in volleyball, the women will play at 7:30 p.m. and the men at 8 p.m. on the same evening.

### Robert J. Dubois Promoted in Germany

Robert J. Dubois has been promoted from specialist five to staff sergeant while serving with the U. S. Army in Ludwigsburg, Germany. He is attached to the Headquarters Detachment, 128th Evacuation Hospital, and has been in Germany since March of this year, and served in the Army for three-and-a-half-years.

### License Charge Filed

Jackie Becker, 19, of Rural Route One, was arrested by a state trooper Tuesday on a charge of driving while his license was suspended. He was released on \$100 cash bail.

His wife, Mrs. Connie Dubois and daughter, Melissa, will leave on June 28 to join him for the remainder of his overseas duty.

## Steel Engineers To Discuss Pollution Topics

The steel industry's increasing determination to do something about problems of water and air pollution is apparent from the program of 1968 convention of Association of Iron and Steel Engineers, which opens Monday, June 24, in Cleveland Convention Center. Representatives of local steel firms are to attend.

Held in conjunction with the Iron and Steel Exposition, the steel industry's largest trade show, the Convention includes five technical papers, dealing with pollution abatement. In addition, an estimated 30 of the exhibitors at the Exposition will present products and processes dealing with pollution control.

One paper will present details on the first industrial filtration plant of its kind in United States. Located at United States Steel Corporation's Gary Sheet and Tin Works, the system filters out micron size particles of mill scale at an ultra-high rate — processing 40,000 gallons of water per minute.

Two technical papers will deal with means of controlling exhaust gases from basic oxygen furnaces. "Waste Gas Cleaning Systems for Large Capacity Basic Oxygen Furnaces" will be presented by two representatives of a large British steel mill equipment supplier.

They will give details on a new unbent gas collection system, comparing installation and operating costs with more conventional systems. "Conditioning and Wet Cleaning of BOP Exhaust Gas" will deal with design of wet scrubbing plants for control of BOP exhaust gases.

Two papers in an Operating Practice Session will be concerned with abatement of water pollution through proper handling of pickling liquids. "Pickling Line and Regenera-

APPLIANCE DEPARTMENT at the newly remodeled and expanded W. T. Grant Co. store at Nameoki Village shopping center, where the grand opening is being scheduled for next month.

### Crash in Venice

Involved in a collision Wednesday evening at Market and State streets were autos driven by Edward Moad, 1829 Edgewood, Madison, and Daisy B. Elmore, 101 Venice Homes. Venice police reported the Elmore car was stopped at a boulevard sign when struck in the rear by Moad's car.

Plant at Fukuyama Iron Works" will present details of a horizontal hydrochloric pickling line with a regeneration operating unit in the world. Use of hydrochloric acid, together with regeneration in the pickling process, is said to resolve the problem of disposing of spent pickle liquor.

"Hydrochloric Acid Waste Pickle Liquor Disposal—A New Process" deals with the same problem in a different way. The paper will present information on a new technique which is to be installed at a major steel company in the Chicago area.

### Grant's Grand Opening Planned next Month

The grand opening for the enlarged W. T. Grant Co. store at Nameoki Village shopping center is being scheduled for late July, it was announced this week by the manager, Melvin L. Gillie.

With the added space, Grant's is expanding its appliance department which features the firm's own Bradford items. Gillie says the department will include appliances engineered exclusively for Grants in new colors that include avocado, Copper and White.

"Automatic washers and dryers that operate by either electricity or gas are designed for the modern miracle fabrics requiring low heat and gentle action. These fabrics can be laundered and dried with complete safety and in record time," Gillie pointed out.

He added that there also will be a complete assortment of Bradford air conditioners. "All merchandise, including appliances, may be purchased on

### Mrs. Grace Roy, Sister Of Mayor Partney, Dies

Funeral services were held this morning at 10 o'clock in Overland, Mo., for Mrs. Grace Roy, 61, a sister of Mayor Donald Partney. She died, Monday at 6 p.m., at Missouri Baptist Hospital, St. Louis, of lung cancer.

Survived by a son, Jack Segatore of New York City; four sisters and her mother all residents of Missouri.

### Auto Aerial Broken

Alice Johnston, 2206 Dogwood drive, reported at 10:25 a.m. Wednesday that vandals broke the aerial on her 1964 auto while it was parked at her home last Saturday.

convenient terms with a Grants credit account," the manager said.

## Wage Talks Begin For City Workers In Granite City

A report on wage negotiations with representatives of city employee groups was presented to Granite City council members Monday night. A second session was scheduled for Tuesday but was postponed due to the death of Mayor Partney's sister.

The mayor met last week with representatives of the firemen, policemen and the sewage treatment plant employees.

Police and firemen were in accord for a two-year agreement with \$50-a-month increases each year and added vacation benefits. The firemen had earlier turned down a proposal by the Fire and Water committee for a two-year contract with \$25 monthly increases each year.

**5% Proposal by Mayor**  
The mayor reported he had offered a 5% increase the first year and 5% the second year, which would be in accord with city income.

The new wage proposal by police and firemen would call for two weeks after one year, three weeks after five years, four weeks after 10 years, five weeks after 15 years and six weeks after 20 years.

Police also are asking for compensation for time spent in court, instead of compensatory time. Firemen are asking for time-and-a-half pay on call outs.

Employees of the sewage treatment plant are requesting their pay scales to be equal to those of the street department.

### Sick Leave

Mayor Partney reported that sick leave also was discussed and it was suggested by employees that it be accumulated and used as severance pay upon retirement.

The mayor pointed out the council's belief that the present sick leave policy is being abused and that he would handle the agreement negotiations as actions by a few employees. Partney added that he was agreeable to the proposals for overtime pay for call-outs and for time spent in court.

Unions representing the city's 140 employees had requested the selection of a negotiating committee of aldermen. Mayor Partney named a committee several weeks ago but the aldermen declined to serve. Partney then said he would handle the agreement negotiations.

The present work agreements expired at the start of the city's new fiscal year on May 1, and since that time there has been little work on a new budget by council members because of disagreement with the mayor's selection of committees.

No date has been set for the next negotiating session. Basic monthly pay scales for city employees at present are: Police patrolman, \$57.10; fireman, \$57.10; street worker, \$52.40; and sewage treatment plant operators, \$54, and truck drivers and laborers, \$55.

### Hadley Re-Elected Head Of K. C. 4th Degree

Harry Hadley, 1328 Robin street, Venice, was re-elected as faithful navigator of the Fourth Degree assembly of Tri-City Knights of Columbus Council 1088 at a meeting Wednesday night.

Others elected were Anthony Mangiaracino, faithful admiral; Edward Boyer, faithful captain; Dr. Leo A. Roman, faithful pilot; John Kazman, faithful controller; Victor Kahn, inner sentinel; Alroy Lucash, outer sentinel; and Harry Sampson, three-year trustee. Leroy Lannan was chairman of the nominating committee.

The installation will be conducted by Robert A. Meisner, master of the Fourth Degree of the Southern Illinois district, at a later date.

Plans were made for an outing on the excursion boat "Huck Finn" to be followed by a barbecue picnic.

**Truck Damages Auto**  
Russell Lee Turner of Dexter, Mo., reported to Madison police 2:45 a.m. today that a hook on the side of the truck he was driving caught the front bumper of a parked car in the 1200 block of Madison avenue.

Police said the owner of the parked car was Edward Eugene Tharp of St. Louis. Turner was driving north when the accident occurred.

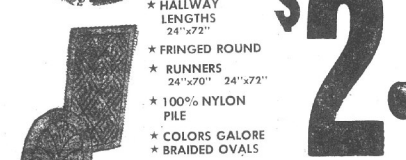

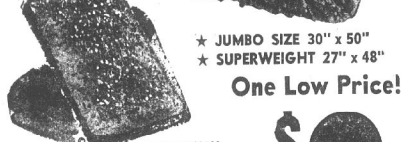

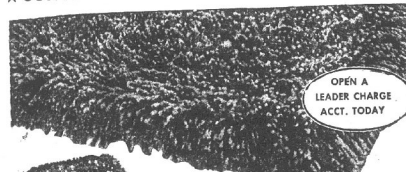

### Two Charges Filed

Two charges were placed against Roger Dale Clements, 2143 Benton street, who was arrested last night by Madison police at 13th street and Madison avenue. Clements was issued arrest tickets charging him with speeding and operating a motor vehicle without a driver's license.

**MADISON ROTARY INSTALLATION** last night at the Round Table. Seated, left to right, are Richman, president; and Charles Hasse, treasurer. Standing, from the left, are Lawrence Palke and Wayne Scannell, directors; Keith Toby, sergeant-at-

arms; Harvey Miller, director and retiring president; and Madison Mayor Stephen Maeras, who received an award from the club. Officers and directors not pictured are Rev. Goodloe Love, Edwin Menke Jr., Lewis Waggoner, Leo Schermer and Anthony Zedolek.

## Madison Rotary Club Installs, Honors Mayor

Madison Rotarians installed club officers for the 1968-69 year last night and presented Mayor Stephen Maeras with an engraved tie clasp in recognition of his more than quarter century as mayor.

Mayor Maeras is a member and past president of the Rotary club.

Will Radman, a local realtor, accepted the office of president and said the club has the motivation, manpower and opportunity to achieve a major impact on this community through the Rotary ideal of "service above self."

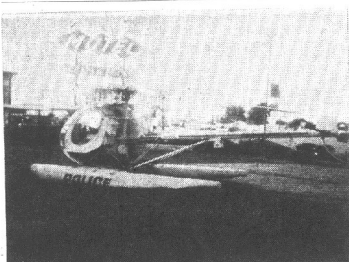

Other officers for the year beginning July 1 are Rev. Goodloe Love and Edwin Menke Jr., vice-president and secretary; Charles Hasse, treasurer; Keith Toby, sergeant-at-arms; and Harvey Miller, Wayne Scannell, Lawrence Palke, Anthony Zedolek, Leo Schermer and Lewis Waggoner, directors.

The installation ceremony was conducted by a past president, Harry Thebaud. Another past president, George Franciguli, served as toastmaster. William Mehl and Franciguli were honored on their birthdays, and Miller, retiring president, received an inscribed plaque and a past president pin. Mehl, Scannell and Frank Fijan, past president, took part in the presentations.

Many Activities Noted  
Miller recalled the extensive activities of the Madison club during the past year, including launching of a campaign to establish a variety of athletic courts and playground facilities on the grounds of the Madison memorial recreation center.

Other projects have included an SIU-SW library book drive, assistance in financing an artificial kidney machine, aid to servicemen in Vietnam, a benefit smorgasbord, summer camp funds for Boy Scouts and non-scouts, summer instruction for Madison high school students, participation in a Thailand tractor program, a golf tournament, scholarships and United Fund support.

Miller presented commemo-

**CROSS-COUNTRY TRAVELERS** who stay at local motor hotels usually utilize autos but Don Bachall of Mission, Kan., a Hughes Tool Co. Aircraft Division pilot, stopped at the Chain of Rocks motel last night with his two-seat helicopter equipped with siren and radar, which he is delivering from the factory to the Kansas City police department's traffic patrol. It was not a first, however; a similar helicopter delivery stopover occurred at the same motel six years ago.

## Tod Allen Payne Is Stillborn

Tod Allen Payne, son of Mr. and Mrs. Thomas (Patricia) Payne, 4112 Rode avenue, was stillborn at St. Elizabeth Hospital Tuesday at 1:17 p.m.

Other survivors include a brother, Jeff; one sister, Lisa; paternal grandparents, Mr. and Mrs. Gerald Payne, Freeport, Mo.; and maternal grandmother, Mrs. Mabel Ipach of Eminence, Mo.

Private services were held Wednesday afternoon, in Freeport, Mo. Interment was at Green Mountain Cemetery, Freeport, Mo.

Gifts were presented to all the ladies at the installation.

## Mrs. Buscher, 60, Former Resident, Dies

Mrs. Catherine Lorraine Buscher, 60, of Oak Park, Ill., formerly of Granite City, died at 1:15 p.m. Wednesday at the Oak Park Hospital after she suffered a stroke last Saturday.

Born in Springfield, she spent most of her life in Granite City before moving to the Chicago area where her husband, Joseph Buscher, was transferred as an officer in the rail and tariff division with the Northwestern Railroad.

She had been employed at the Granite City Army Depot for 19 years before moving and was active in the National Federation of Federal Employees, the Daughters of Isabella, the Altar Society and St. Joseph's Catholic Church.

In addition to her husband, she is survived by three sons, James Buscher of Davenport, Ia., Jerome Buscher of the Chicago area and Terry Buscher, a member of the Navy aboard the carrier USS Forrestal now at sea in the Atlantic; two daughters, Mrs. Mary Catherine LaPointe and Mrs. Adrienne Podera of the Chicago area; a sister, Mrs. James J. McLean of Granite City; and 11 grandchildren.

She is to arrive here by rail tomorrow. An obituary notice appears elsewhere in this issue.

## Price is Honored At Plane Roll Out

(Special from Washington)  
Rep. Melvin Price, (D), was praised for his contributions toward the development of the intermediate C-64 jet transport at the McDonnell-Douglas Co. Roll-out ceremony at Long Beach, Calif., this week.

The aircraft is designed specifically for intra-theater aeromedical evacuation operations. It complements the C-141 jet transport, which the Military Airlift Command utilizes for long range aeromedical operations.

It was Congressman Price as chairman of the House Armed Services Military Airlift Subcommittee who originally recommended the approval of funds to initiate procurement of the C-64. In May 1966 Price urged the House Armed Services Committee to adopt his recommendation providing support funds for the aircraft. Later, both the House and Senate approved his provision.

Speaking at the Roll Out ceremony, Chairman Price said: "This aircraft is a significant step forward in the modernization of our aeromedical evacuation efforts. It fills the present void in our program. It actually is a flying hospital."

The C-64, Rep. Price noted, also will be used in Europe and in the Pacific areas.

Norman Kluster, chairman of the Madison County Soil and Water Conservation District announced today the assignment of Dale Sherrard as work unit conservator for the service in Madison county.

Sherrard, from Cambridge, Henry County, Ill., is coming here from Lee county, where he held a similar position with the Soil Conservation Service for the past 11 years. A graduate of the University of Illinois, College of Agriculture, he has several years experience in the agriculture field. He taught Vocational Agriculture for three years and operated a farm for five years prior to entering the soil conservation field.

A veteran of world war II, he and his wife are the parents of five children and members of the Methodist Church. They will reside in Edwardsville. Sherrard will be available for conservation consultation at the Work Unit Office on Old Alton road. For information call 656-4710.

Dusty King, Caseyville; Duwayne Gailhart, Peoria, Ill.; Antonia Dupuch, 907 Lee avenue; Madison; Flossie Leak, 913 Franklin avenue; Madison; Daniel Smith, 2438 Benton street; Christine Brady, 2139 Woodlawn avenue.

Carrie Raub, 2235 Fourteenth street; Bertha Hoffstad, 4017 Willow avenue; Norma Thiele, 1202 Pontoon road; Christine Daum, 2813 Willow avenue; Eliza Campbell, 2245 Waterman avenue; Olan King, 1535 Second street, Madison; Raymond Barker, 46 Villa Drive.

## City, Steel Mill To Meet on Swap For August Street

A meeting of Granite City council members with officials of Granite City Steel Co. is to be called for either this afternoon, tonight or tomorrow to re-negotiate the right-of-way for the city's storm water drainage ditches on steel mill property.

Members of the Special Sewer committee headed by Alderman Bartosiak met with the firm's officers yesterday, and the council chairman requested another meeting with all of the council to attend in order that official action might be accomplished next Monday night at a regular session.

A number of council members and citizens are protesting the swap arrangement proposed by the steel mill to exchange the drainage ditch right-of-way along East 23rd street, Namekiki road and Edwardsville road—a total of over

## Open Water Dive Sun. For Scuba Course Grads

Fifteen graduates from a scuba diving course will take their first "open water" dive Sunday at Devil's Kitchen Lake, south of Carbondale, according to Richard Griffin, president of the 51-member Bubblemasters Scuba Diving Club, sponsors of the nine week instruction program.

Jack Atkinson, club training coordinator and a past president, will have charge of Sunday's dive which will be combined with a pot-luck picnic and dive by club members.

The official said that three additional graduates of the course, which concluded in mid-April at the Granite City YMCA, successfully completed their open water dive two weeks ago at Bull Shoals, Mo. At a meeting of club members earlier this week, a new traveling trophy was presented for the first time to Griffin, who spearheaded a 10-pound, 6-ounce carp at Bull Shoals during a recent dive. The trophy will be awarded each month to the Bubblemaster netting the largest fish which breaks the previous record and may be retained by the member winning the award on three consecutive occasions.

## Alton Next for Legion Nine; 3-1, 4-3 Losses

The American Legion Post 13 baseball team lost two league games this week, 3-1 at Edwardsville Monday night and 4-3 to Duplo here yesterday evening to bring its league record to 15-5. Belleville leads the pack with a record of 6-0.

Granite City will host Alton at 6 p.m. Friday at Wilson Park.

Post 113 took a 1-0 lead Monday in the second inning on a walk to Jeff Jones, single by Roger Laws and double by Dave Evans which missed being a home run by inches.

Edwardsville scored twice in the bottom of the fourth inning on a walk, triple and single and added an insurance run in the fifth on a walk and two singles.

**Timely Hitting Absent**  
Coach Bill Turpenoff said, "We left nine men on base and still have the old problem of not being able to get the big hit with men in scoring position."

Jim Becker, the losing pitcher, was relieved in the fifth inning by Wally Goff. Together, they held Edwardsville to five hits.

The local team scored in the bottom of the first inning Wednesday to again take a temporary lead, but Duplo came back in the fifth for four runs and held Granite City to two runs in the bottom of the fifth inning.

**Leave Bases Loaded**  
Post 113 scored on the first on a single by Rick Rosaleck, walk to Wally Schmidt and double by Steve Lengyel. Evans walked but the next two men made outs.

The two fifth-inning runs resulted from a walk to Roger Belshe, a single by Lengyel, a

# PRESS-RECORD SPORTS

## 7 Home Runs Produce Win for Custom Team

Custom Engraving blasted 21 hits Monday evening, including seven home runs, as it downed American Legion 20-2 in Class B slow pitch softball at Worthen Park.

Ken Bolton and Marv Fredrick divided three duties and combined for three of the four-baggers. Right field was almost as hot a spot, as Mike Weber and Keith Gauen combined for two home runs. Tom Ylikopka and Bill Winter each had one homer.

The winning pitcher was a Larry Wallace, the loser Harry Ellis.

The runs came as the result of singles by Ray Knight, Gary Golden, Larry Todoroff and Donald Hayes, doubles by Bob Harris, Larry Wortham and Tom Ferguson, and John Meszaros' double and triple in the same inning.

The winning pitcher was Wortham and the loser was John Roberts. Gene Hudson hit two home runs for the winners, winning the game in the seventh. Dick Prehn doubled, Jim Jones singled him home and Jones later scored on a sacrifice fly by Fred Milton.

Milton took the victory; Tom Holloway was the loser. The losers made three errors while the winners committed one error.

**Leave Bases Loaded**

## 58 Runs Last Night By Three Park Girls' Softball Loop Teams

The Shady Lake team in the Granite City park district high school girls' softball league rallied for six runs in the fifth inning and four more in the sixth last night to beat Busy Bee Truck Stop 21-17 at Worthen Park.

The fifth inning was highlighted by home runs by Lana Earnhart and Debbie Sparks and triples by Debbie Satturo and Vicki Settlemore. Miss Settlemore also homered earlier in the game and was the winning pitcher.

Debbie Sparks had two home runs and two singles and Lana Earnhart two singles and a double besides her four-bagger. Jamie Lewis had three hits for Busy Bee. Mary Lehne was the losing pitcher.

In the second game, Ashal Insurance blasted 24 hits to down Hamilton Packing 20-2. Dana Paulos homered twice and Debbie Siebold hit one home run.

Debbie Porter had four singles and miss Paulos a double and single while her other two were the plate.

Marie Taylor was the winning pitcher, garnering two hits herself off Doran Lakin. The Ashal team made five errors and Hamilton two.

## Zips Softball Team Outkirk But Captures Park Slugging 15-14

The team with the most hits does not always win, and the Zips Wednesday evening. They played an exciting game against Tri-City, winning 15-14 although being outkirked 20-15.

The game, played at Worthen Park in the Class B slow pitch softball league, was not decided until the eighth inning, when Denny Tiger led off with a single and scored on a triple by Max Fletcher.

John Harper had two singles and a triple, with teammate John Bohnenstiel hitting two singles and a triple.

Holiday Mobile Homes blasted 27 hits in the fourth inning game against Tri-City. St. Mary's 25-5 as the losers made seven errors to three for Holiday.

Garland Horn had two singles and two doubles and Keith Mathenia three singles and a double. Holiday's Paul Mosby had two triples for the winners.

**Supermodified Auto  
Races Friday Night**  
Tri-City Speedway, 5100 Nameki road (Route 203), will be the scene of supermodified auto racing Friday. Time trials will begin at 7:30 p.m. and the first race at 8:30 p.m.

George Welch, program director for the track this year, said, "We expect a big turnout this weekend because we are having only one track in the area that is having supermodified racing this week."

## First Place Is Goal of Mercer Team on Sunday

Important Blue Division games involving the two Granite City teams in the Southwest Missouri Inter-City Baseball League are scheduled for 2:30 p.m. Sunday.

Wilson Park will be the scene of a Mercer vs. East Alton game, and Pocahontas will play host to Granite City Steel Credit Union.

If Mercer should beat East Alton and Credit Union should topple the pace-setting Pocahontas Braves, the Mercer team would go into the Southwest possession of first place.

If East Alton beats Mercer and Credit Union beats Pocahontas, the East Alton Machine-ists would go into a tie for first place.

Collinsville will be trying to stretch its hold on first place in

the Red Vision as it plays host to the St. Louis Polish American War Veterans. The Molitor team is two games ahead of runner-up East St. Louis.

Sunday's other game will see the Troy Redbirds to Maryville to meet the Red Sox. Troy by winning could go into a three-place tie with the host team.

Current standings:  
**BLUE DIVISION**  
Pocahontas . . . . . 5  
Mercer . . . . . 4  
East Alton . . . . . 5  
Credit Union . . . . . 2  
**RED DIVISION**  
Collinsville . . . . . 7  
East St. Louis . . . . . 5  
Troy . . . . . 1

The second game of the evening saw Tony and Joe's top Jacobson's 7-4 as the winners scored three runs in the bottom of the fifth to break a 4-4 tie that had lasted for three innings. The decisive inning included singles by Rufus Kerner, Ed Hoff, Glen Wolfe and Paul Thompson.

The winning pitcher was Wortham and the loser was John Roberts. Gene Hudson hit two home runs for the winners, winning the game in the seventh. Dick Prehn doubled, Jim Jones singled him home and Jones later scored on a sacrifice fly by Fred Milton.

Milton took the victory; Tom Holloway was the loser. The losers made three errors while the winners committed one error.

**Leave Bases Loaded**  
Post 113 scored on the first on a single by Rick Rosaleck, walk to Wally Schmidt and double by Steve Lengyel. Evans walked but the next two men made outs.

The two fifth-inning runs resulted from a walk to Roger Belshe, a single by Lengyel, a

**Kentucky, Morris  
Win in High School  
Softball League Play**  
Mark Rigby had a perfect night at the plate Tuesday as Kentucky defeated 13 hits to beat B&E Planning Mill 8-4 at Wilson Park in the High School softball league.

Rigby had three singles and drove home two runs. Brantley Buttrey was the winning pitcher, with Mike McGovern the loser.

In the second game, it was Morris Realty over Lincoln Place 9-4 as Larry Bloomquist homered for the winners in the fifth inning with the bases empty. Jim Fitzpatrick was the winning pitcher as he gave up six hits while Tony Petrillo took the loss, allowing 10 hits.

# Camp Schedule at Sunnen to Begin

All is in readiness for the start of the 1968 season at Camp Sunnen, near Point, Mo., with the first weekly group of 150 during each of the next six weeks. Eugene Coe is council executive and Edwin Menke Jr. serves as camp director.

Highlights will include Webelos day Saturday, July 20, for 10-year-old cubs and their leaders, and a "super Sunnen adventure" Sunday, Aug. 4, when explorers will begin seven days of activity including sailing, hiking aided by burros, an overnight horseback trip and field sports.

Also beginning Aug. 4, a Sunnen will be a conservation and aquatic camp school.

# Sgt. Harry Wilson, 42, Dies at Ft. Jackson

Sgt. First Class Harry William Wilson, 42, stationed with the U.S. Army at Fort Jackson, S.C., died unexpectedly at 6 a.m. Monday of a brain hemorrhage while a patient at the U.S. Army Hospital at Fort Jackson.

Born in Osage, Mo., he has served in the Army for the past 22 years. He was a world war II veteran, served in the Korean conflict and spent 11 months in Vietnam.

Survivors include his wife, Mrs. Elizabeth Wilson; three children: Vickie, Mark and Chris Wilson; three brothers, Roy Wilson of St. Louis, Robert Wilson, U.S. Army, and Alfred Wilson, and a sister Mrs. Joseph (Naomi) We Kamp of Cedar City, Mo.

Arrangements are given elsewhere in this issue.

# Obituaries

**BIRKS, MRS. MATTIE W.**, 1638 East 23rd street. Entered into rest at 3:30 p.m. Wednesday, June 19, 1968. Main Street Nursing Home, Alton, Ill.

Beloved husband of Mrs. Elizabeth Wilson; dear father of Vickie, Mark and Chris Wilson; dear brother of Roy, Robert and Alfred Wilson and Mrs. Naomi We Kamp.

His remains will lie in state at SEDLACK FUNERAL HOME, 615 Madison avenue, Madison, Services to be conducted at the Sedlack's chapel Friday, June 21, at 1 p.m. Interment National Cemetery Jefferson Barracks, Mo.

One of the highlights of the evening came when Capt. Lucie attended. The vice-president was invited to participate in the program while in St. Louis for dedication of the Gateway Arch.

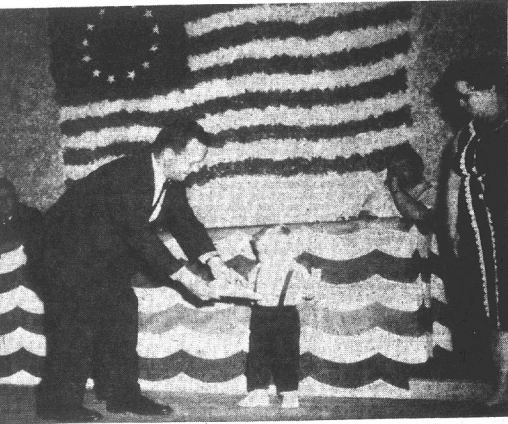

The Air Force officer then described development of a super-sonic jet transport plane, almost 80 yards in length, which will revolutionize movement of troops and material. Capt. ace was accompanied here by his wife, Barbara, who sang "The Battle Hymn of the Republic" and "God Bless America," accompanied by the Belhel Church choir.

Another poignant moment occurred with presentation of citations to two small boys, whose fathers currently are serving in Vietnam. The children were Tracy Snyder, two-year-old son of Daniel Snyder, who was accompanied by his grandmother, Mrs. Ruben Snyder, 2038 Bryant avenue, and Michael McLean Jr., six years, son of Michael and Linda McLean, 2226 Bryan avenue.

**Navy Mothers** The Birdie Bradford of the Quad City Navy Mothers Unit 850, accepted a citation for Vietnam veteran, Earl David Wolford, who arrived home yesterday. He is the husband of Mrs. Sandra Kay Wolford, 1738a Edenwood, and son of Mr. and Mrs. Earl Wolford, 2523 Sheridan avenue.

Mrs. Bradford commented today, in talking with the youth, yesterday, he immediately asked if a citation was available for his buddy, Harry Lyle Jones, 4716 Namooki road, who was still serving in Vietnam. Plans call for tonight's parade of 60 or more motorists and marching units to proceed south on Madison avenue from 14th street, along Broadway to Second street, Venice, and return to the Venice-Madison Post 307 for dispersement. Elliott expressed the hope that all Quad Cityans will turn out to view the parade.

**TRAVELING BY AIR? CALL HOLIDAY SERVICE, 432-3131**

**IMPRESSIVE MOMENT.** Citation presentation to Tracy Snyder, two years old, whose father, Daniel Ray Snyder Jr., is serving in Vietnam, brought audience applause. Making the presentation is Richard F. Ash, master-of-ceremonies, while an interested bystander is the youngster's grandmother, Mrs. Ruben Snyder.

# Man Fined \$300, Jailed On Delinquency Charge

Ballard Johnson, 2651 Edwards street, was fined \$300 and sentenced to nine days in the county jail Wednesday by Magistrate Mateosian after pleading guilty to a charge of contributing to the delinquency of a minor.

He was arrested Tuesday by Madison police for Madison county authorities. He was released on \$5000 recognizance bond until June 25 when he is to pay the fine and begin serving the jail term.

# MEDAL OF HONOR winner, Russell Duhaime, Dies

addressing the audience at last night's "Honoring Americans Night" program.

**Hillary Keelin, 48, Contractor, Dies of Cancer**

Hillary Keelin, 48, 3176 Jill avenue, a local brick contractor, died at 11 p.m. Wednesday at John Cochran Veterans Hospital, St. Louis, of cancer, following a six-month illness. He was hospitalized for two months.

Born in Owensboro, Ky., he resided in this area for the past 17 years and was self-employed as a brick contractor. He was a member of Bricklayers Union, Local 65, and attended the Grand Baptist Church.

Survivors include his wife, Mrs. Wanda Keelin, four daughters, Mrs. Daniel C. (Patricia) Davis, Mrs. Harold (Debbie) Kite, Miss Melissa Keelin all of Granite City, and Mrs. Ronald (James) Jackson of Mitchell; two sons, Hillary and Clifford Keelin of Granite City; three brothers, Maurice, Owen and Wilbur Keelin, and two sisters, Miss Myrtle Keelin and Mrs. Douglas Miles, all of Owensboro, Ky.

Funeral arrangements are given in today's obituary column.

# Fireworks Charge Fined

Gerald J. DeMontmolin, 21, of 2018 Lincoln avenue, was arrested at 2:15 a.m. today at 20th street and Madison avenue on a fireworks violation charge. He was released on \$25 cash bail.

# Four Speeding Charges

Speeding charges were filed against Charles A. Anderson, East St. Louis, at 8:15 a.m. today at 2200 East 20th street; Richard K. Baxend, Godfrey, at 1:30 a.m. today at Johnson and Namooki roads; Lanny L. Rainwater, 2128 Miracle avenue, at 3:45 a.m. today at 27th street and Madison avenue; and Jack E. Fox, Worden, at 9:30 p.m. Wednesday at East 20th street and Park avenue.

# Three Radar Arrests

Three drivers were charged with speeding as traffic division police used a radar unit in the 2600 block of Pontoon road early today. Issued tickets were Albert Tonsick, 2672 Ralph street; Mabel C. Ryan, Edwardsville; and Joyce A. Moutell, 72 Roney drive.

### ARMY ENLISTEE HONORED

A farewell party was given this week by Robert Douglas, 312 Jefferson avenue, for his son, Bobby Douglas, who has enlisted in the Army and will leave June 25.

Those attending were Mr. and Mrs. Harold Robinson and sons, Michael, Mark and Matthew of Venice, a sister, brother-in-law and nephews of the honoree; and Mrs. Thelma Gonterman and sons, Harold, Richard and Jimmy, Robert Harshon, Philip Bone, Ronnie Spiff, Gary Wallen, Jimmy Hayden, Edd Denroy, Jim Tooley, Donnie Soden and Miss Brenda Brown all of Venice; Bob Tindall and Randy Austin, both of Granite City; Miss Anne Bovo, Delwood, Mo.; and Ralph Jorens, Mike and Bill Varanish, Ray Kennedy and Bob Atkins, all of Jennings, Mo.

## North Granite

MRS. EVA DEAN HARBISON  
3022 Nameoki Drive  
876-3085

Mr. and Mrs. Grant Harbison and son, Darrell, 3022 Nameoki drive, had as weekend guests his brother and sister-in-law, Mr. and Mrs. Harold E. Harbison and children, Brad and Karen, of Rockford, Ill.

The visitors had spent the previous week with Mrs. Harbison's parents, Mr. and Mrs. Ehrhart, and her brother and sister-in-law, Mr. and Mrs. Duard Ehrhart and children, Mike and Lisa, all of West Plains, Mo. Mrs. Duard Ehrhart is the former Pat Keller of Granite City, and they resided here after their marriage until moving to West Plains two years ago.

Mr. and Mrs. Ernest Trawick and children, Ernest, Ricky, Steve, Mark and Lisa, 2825 Logan avenue, returned home Sunday evening from a weekend in Tennessee spent with their par-

## Ray "Doc" Womack, 77, Dies of Heart Ailment

Ray "Doc" Womack, 77, of 1538 Third street, Madison, a retired clerk at an Alton cigar store where he was employed for 20 years, died at 7 a.m. Wednesday at St. Elizabeth Hospital. He had been ill with a heart ailment for five weeks and was hospitalized for eight days.

Born in Omaha, Neb., Mr. Womack had resided in Alton almost all his life, prior to moving to Madison six years ago. A world war I veteran he was a member of the American Legion Venice-Madison Post 307 and the VFW Post 1309, Granite City.

Surviving are his wife, Mrs. Claire Womack, and one sister, Mrs. Harry (Grace) Johnson of Madison.

Details are given in today's obituary column.

Airman first-class and Mrs. David Richey of Austin, Tex., are home on vacation visiting his parents, Mr. and Mrs. Lester Richey, 2716 Nameoki road,

### REPORTS TO SEATTLE

Pfc. Tom Talley reported this week to Seattle, Wash., after spending a 15-day leave at home with his parents, Mr. and Mrs. Lloyd Talley, 521 English place. He has just completed eight weeks of Army basic training at Fort Bliss, Tex., and has been assigned to the 22nd Engineer Battalion at Fort Lewis, Wash.

Gary Vandever of the Atlanta area Naval Air Station, Marietta, Ga., left Sunday after spending a week visiting his wife, Nancy, 3136 Princeton drive, and his parents, Mr. and Mrs. William C. Vandever, 1820 Minerva avenue.

Airman first-class and Mrs. David Richey of Austin, Tex., are home on vacation visiting his parents, Mr. and Mrs. Lester Richey, 2716 Nameoki road,

## Marine Corps Promotion For Thomas H. Hall

Thomas H. Hall, son of Mr. and Mrs. Albert Gaudette, 2304 Orville avenue, has been promoted to lance corporal while serving with the U. S. Marine Corps in Vietnam at Marble Mountain.

A graduate of the local high school in June 1967 he enlisted in March 1967 taking basic training at San Diego, Calif. He arrived in Vietnam January 5, 1968.

Mr. and Mrs. Rice's parents, Mr. and Mrs. W. C. Vandever, 1620 Minerva avenue.

Mrs. Irma Jones entertained with a brunch Wednesday morning at her home. Those attending were Mrs. Mamie Elmore, Mrs. Mabel Reid, Mrs. Julia Goggin, Mrs. Lois Weeks and Mrs. Leona Carney.

## Madison

MRS. LENNA WILLIAMS  
1636 Sixth Street  
877-0317

### MRS. BROWN HONORED

Mrs. Jennie Brown was honored on her birthday with a family reunion held at the home of Mr. and Mrs. Harry C. Smith at Ellis Grove, Ill., Sunday, Mrs. Brown was 88 years of age yesterday.

The honoree spends the summer months with her son-in-law and daughter, Mr. and Mrs. Smith, and the winter months with Miss Margaret Brown, a daughter, in Madison. Those taking part in the reunion and presenting Mrs. Brown with birthday gifts and cards included Miss Hallie Brown, Miss Margaret Brown and Mrs. Wilbur Moore, all of Madison, and residents of various Missouri and Illinois cities.

### RETURN FROM TEXAS

Mr. and Mrs. John Harshany returned to their home, 1646 Sixth street, Tuesday after vacationing for the past week in San Antonio, Tex.

They were houseguests of his brother and sister-in-law, Mr. and Mrs. Sam Harshany and children, Jackie Lee, Billy and Lori. Time was spent at a cab in belonging to Mr. and Mrs. Sam Harshany on the Guadalupe River about 30 miles from their home.

Boating, fishing and points of interest were enjoyed. They also went to the HemisFair and other locations in San Antonio. Mr. and Mrs. Sam Harshany are both teaching in San Antonio and both are now engaged in summer teaching. He will be remembered as a Madison high school graduate.

Mrs. Frieda Blattner entertained members of the Po-Ke-No club in her home, 1920 Lynn avenue, Tuesday. Mrs. Blattner occasionally has been an invited guest of the club, and invited the group to her home for the closing games of the season. Mrs. Betty Allen will be the hostess in September when semi-monthly meetings are resumed.

The hostess served lunch to Mrs. Veronica Kula, Mrs. Allen, Mrs. Nettie Gnojewski, Mrs. Hazel Swigert, Mrs. Helen Krakowicki and Mrs. Marie Stawar.

Games were played before and after lunch. Mrs. Gnojewski was the day's winner.

### VISIT TEXAS, COLORADO

Mr. and Mrs. L. D. Williams, Gene Williams and Mrs. Tan Williams motored to Austin, Tex., where they spent time visiting Mr. and Mrs. Hal Grace and son, Hal Jr. Gene Williams and Mrs. Tan Williams returned here Sunday.

While the group was in Austin, sons-in-law and daughters, Mr. and Mrs. Ray Rimkus of Norman, Okla., and Mr. and Mrs. Don Kindel of Dallas, Tex., arrived to visit.

Mrs. Grace is the former Pansy Williams of Madison. The group toured the fair at San Antonio, Tex., and went to Mexico.

Mrs. Tan Williams and son, Gene, flew to Colorado Springs, Colo., to visit Mrs. Je E. Williams before arriving home. The L. D. Williams motored home from Texas.

### HERE ON VACATION

Mr. and Mrs. Herman Hunting of Denver, Colo., visited in Madison with Mr. and Mrs. W.

S. Lee and with Mr. and Mrs. Glen Stagner and family. Mrs. Hunting is a sister of Mrs. Lee and an aunt of Stagner. They left for their home Sunday.

### VISIT FORMER RESIDENTS

Mr. and Mrs. Donald Williams and son, Brett, Rural Route Four, Edwardsville, and Mr. and Mrs. Ralph Chapman and son, Robbie, of Granite City returned to their homes Sunday evening after spending the weekend at the home of Mrs. and Mrs. Dan Graville and son, Dan Jr., and daughter, Cathy, in Cincinnati, Ohio.

The Gravilles are former residents of Madison and Granite City. The men enjoyed golfing and the women horseshoe riding, after which a barbecue was held at the Graville home. The group visited the Coney Island amusement park there during its stay.

### PLAN FOR JULY FOURTH FESTIVAL IN MADISON

Mrs. Cora Barr, president of the Madison Ladies City Organization, presided over a monthly meeting held Monday evening at the Sportsman's club in Madison.

It was the first meeting since the annual installation. Other new officers are Mrs. Marie Stawar, vice-president; Mrs. Lori Time, treasurer; Mrs. Nigel Maera, secretary; Mrs. Vera Sikora, marshal; and Mrs. Juanita Brown, chaplain.

Mrs. Brown led the group in the Lord's prayer. The Fourth of July celebration held in Madison annually was discussed. The organization again will take part in the observance.

Mrs. Barr and Mrs. Stawar served as hostesses for the evening.

### RETURN FROM EAST

#### FOLLOWING GRADUATION

Mr. and Mrs. William Ashford, 1665 Second street, Madison, and Mrs. Ashford's mother, Mrs. Anna Holloway of Virginia, Ill., motored to Herndon, Va., to visit Mr. and Mrs. Willard Ashford and sons, Jonathan and Timmy, returning here Tuesday.

While there, they attended the graduation of Ashford, one of 350 graduates of the University of Maryland. He re-

### Man Charged in Mishap

Autos driven by Gerald C. Keel, Collinsville, and Edward F. Canada, St. Louis, collided at 1:35 p.m. Tuesday at Wilson and Buxton avenues. Canada was charged with a right-of-way violation.

ceived the degree of bachelor of science in business.

A graduation party was held at the Ashford home, with approximately 40 friends and relatives in attendance. James Weston, executive editor of the New York Times, was the speaker at the graduation exercises June 8.

The Ashfords' grandson, Jonathan, returned home with them to visit here. He also will visit his other grandparents, Rev. and Mrs. Sadler of Bland, Mo.

Airman first-class Tom Ashford arrived home Monday for a ten-day leave, after which he will return to Albuquerque, N.M. He is the son of Mr. and Mrs. William Ashford.

### SHIP SHAPE SINGALONG

Members of the Ship Shape Tops club opened their weekly meeting Tuesday evening with the pledge of allegiance to the flag and the Tops (Take Off Pounds Sensibly) pledge, with weights then recorded at Schermer's civic center on Madison avenue, Madison.

Mrs. Olga Vizer was crowned as queen to reign for one week. Those gaining weight received penalties.

The remainder of the evening was spent with a "singalong." The club has a new songbook of familiar tunes, related to weight problems.

Coffee was served by the hostesses, and Mrs. Helen Townes closed the meeting with prayer.

Present were a guest, Mrs. Marie Bryant, and members, Madeline Elmer Baird, Rose Henderson, Elizabeth Bucher, Hazel Trotts, Dorothy Gavin Virgile Burgess, Juanita Herring, Maria Jones, Lorraine Gremaud, Wilma Large, Frances Dolezal, Yvonne Passig, Jackie Cattang, Ila Dunscomb and Zola Burgess.

Mrs. Henderson received the prize for the evening.

**GOLDEN WEDDING.** Mr. and Mrs. Paul F. Duft, 3420 Lydia lane, who were honored this week, are shown above in a recent photo and to the right at the time of their wedding at St. Joseph's Church.

## Mr. and Mrs. Paul F. Duft Observe 50th Anniversary

Mr. and Mrs. Paul F. Duft, 3420 Lydia lane, were honored this week at a celebration arranged by their son and daughter-in-law, Mr. and Mrs. Richard P. Duft, and son-in-law and daughter, Mr. and Mrs. Raymond Libera on the occasion of their 50th wedding anniversary.

The affair was held at the VFW club rooms with about 130 persons present.

Two of the children of the couple died in infancy. There are three grandchildren.

Mr. and Mrs. Duft were married June 18, 1918, at St. Joseph Catholic Church in Granite City by the late Rev. D. J. Ryan.

Appropriate decorations were used about the club rooms and a full course dinner was served. The guests were seated at tables holding yellow rose buds and greenery. Golden tapers in crystal candelabra and a large centerpiece were on the main table and on a side table stood two crystal punch bowls and the wedding cake decorated in keeping with the occasion.

The invocation was offered by the Rev. Lawrence Mattingly. Earlier in the morning the couple attended a High Mass at St. Elizabeth Catholic Church with Rev. George Morelock officiating.

The afternoon was spent dancing to the music of a four-piece orchestra. Presiding over the guest book was Tamara Duft, the only granddaughter of the honor guests.

Before retiring in 1963, Mr. Duft was employed by Granite City Steel Co. for 35 years. The couple has resided in Granite City for 61 years.

## Newcomers Plan Family Picnic

A monthly meeting of the Newcomers club took place Monday evening at Bert's Chuck Wagon restaurant on Johnson road.

During a social evening, games were played and prizes went to Mrs. Jean Van Metre, who received two tickets to the Washington theatre, and Mrs. Shirley Wright, Mrs. Cheryl Seling, Mrs. Lorena Walker and Mrs. Barbara Ramsey.

Guests attending were Mrs. June Barton and Mrs. Seling, Mrs. Jean Andrews, president, announced a family picnic will be held Tuesday, June 25, at 6:30 p.m. at Shelter No. 3 in Wilson Park.

The next club meeting will be held July 15.

**RECENT BRIDE.** Mrs. James D. Fellers, whose wedding was solemnized June 16 at the Nativity of Virgin Mary Church in Madison. The bride is the former Marie Anna Fryntko, a daughter of Mr. and Mrs. John D. Fryntko, 3113 Ash avenue. The bridegroom is a son of Mrs. Rae Dean David of Ada, Okla.

## UPW Circle 5 Closes Season

Circle Five of the United Presbyterian Women of First Presbyterian Church brought its meetings for the season to a close Tuesday with a picnic at Wilson Park.

After the luncheon, the missionary year book was reviewed and the members and guests were welcomed by Mrs. Catherine Parker, circle chairman.

In connection with the outing Miss Ellen Follmer, who is leaving the city, was honored and presented with a shower of handkerchiefs.

Others present were Rev. Dr. David Maxton and Mrs. Maxton, Mr. and Mrs. Elbert Roberts, Mrs. Peg Malone, Mrs. Florence Browning, Mrs. Lucille Bush, Miss Lily Dod, Mrs. Henry McMullen, Mrs. B. Schaffner, Mrs. Betty Schmedake, Mrs. Florence Woodward, Mrs. Malcolm Thompson and daughter, Mrs. Steve Johnson, Mr. and Mrs. Cleo Evans and son, Jim, Mr. and Mrs. William Lierman and son, William, and Mr. and Mrs. Herbert Parker and daughter, Carole.

The circle will resume its regular schedule in September with a guest night at the church. Mrs. Elbert Roberts is president of the United Presbyterian Women.

**NEWLY-WEDS.** Mr. and Mrs. Thomas Pickard, who were married Tuesday evening in the home of the bride's uncle and aunt, Mr. and Mrs. Frank Freeman, in St. Louis.

## MISS PARRIS IS BRIDE OF THOMAS PICKARD

Miss Claudine Ruth Parris, daughter of Mr. and Mrs. James O. Parris, 1316 Robin street, Venice, was married Tuesday evening to Thomas Pickard, a son of Mrs. Bernice Pickard, of Virde, Ill.

The ceremony took place in the home of the bride's uncle and aunt, Mr. and Mrs. Frank Freeman, in St. Louis with the

## Parents Meet At St. Mark's

St. Mark's Parents and Friends Association met Tuesday evening in the church basement, 600 Broadway, Venice. The meeting was opened by the retiring president, Mrs. Evelyn Tolliver.

Plans were made to help Boy Scouts with a bus trip, and to present the buns with a set of luggage in appreciation for their work during the school year.

Mrs. Margaret Schodruski was appointed as chairman of the program committee for the 1968-69 year.

The meeting was turned over to the officers for the coming school year, with Mrs. Hattie Munk in charge.

Games were played and a prize was awarded to Mrs. Cathy Heagy. The meeting was adjourned with prayer led by the Secretary, Mrs. Charlotte Bilbey.

Other members present were

Rev. Rusklin of the Apostolic Pentecostal Church in Madison officiating. The bridegroom is employed by the GMAO Railroad. The couple will live in Granite City.

**TO BE MARRIED.** Miss Violet Kaye Nickell, a daughter of Mr. and Mrs. Samuel T. Nickell, 2571 East 27th street, whose engagement and coming marriage to Richard D. Greenhill, a son of Mrs. Martha Greenhill of East St. Louis, is announced.

## UPW CIRCLE FOUR CLOSES SEASON

Circle Four of the First United Presbyterian Church, met in the home of Mrs. Beryl Nyboer on Tuesday for a pot luck and picnic luncheon as the final meeting of this season.

Twelve members and two guests attended. Mrs. Beas Hanley gave the Meditation of the Least Coin and the lesson, and Bible study was presented by Mrs. Barbara Landis.

After the lesson, the Least Coin, flower donations and pledges were collected.

The Circle will resume their meetings in September.

## RETURN FROM SOUTH

Mr. and Mrs. John Flenor and their children, John Jr., Millie and Pat, 3524 Johnson road, returned last night from a vacation of ten days in the

## Fall Wedding Date is Set

Oct. 12 is the date set for the wedding of Miss Violet Kaye Nickell, a daughter of Mr. and Mrs. Samuel T. Nickell, 2571 East 27th street, and Richard D. Greenhill, 1741 N. 51st street, East St. Louis, son of Mrs. Martha Greenhill of East St. Louis and the late Clarence Greenhill.

The engagement and wedding date has just been announced by the bride-elect's parents.

While away they visited a son and daughter-in-law, Mr. and Mrs. David Flenor and their family in Memphis, Tenn., another son, Alan, in Pearisburg, Va., and spent the remainder of the time in Florida, Alabama, and cities of Tennessee and Virginia.

MISS SANDRA DIX, a bride-to-be. Her parents, Mr. and Mrs. Wilbur A. Dix, 221 Lenox avenue, are announcing her engagement to James L. Dillard, a son of Mr. and Mrs. Billy Dillard, 4843 Warnock avenue. Wedding plans are indefinite.

## Dillard-Dix Engagement

Among the summer engagements announced is that of Miss Sandra Dix, a daughter of Mr. and Mrs. Wilbur A. Dix, and James L. Dillard, whose parents are Mr. and Mrs. Billy J. Dillard, 4843 Warnock avenue.

The bride-to-be is employed in the offices of the Granite City Steel Co. Her fiancé is soon to be inducted into the Army. Both young people are graduates of the local high school. Wedding plans have not been made.

## MISS VICKI MILES WED IN WISCONSIN

Mr. and Mrs. Morse Miles, 2421 Roney drive, have returned from Fort Atkinson, Wis., where they attended the wedding Saturday of their daughter, Vicki, to Thomas Majewski, a son of Mr. and Mrs. Paul Majewski of Fort Atkinson.

The bridegroom is in the Army, stationed at Fort Lee, Va. He will leave soon for duty in Saigon. Mrs. Majewski will return here July 1. She is employed in the offices of Tri-Cities Chamber of Commerce.

The wedding of the couple took place in St. Joseph's Catholic Church in Fort Atkinson.

## CIRCLE ENDS SEASON WITH PICNIC

Circle Three of First United Presbyterian Church held an all-day meeting Tuesday at the church.

Mrs. George Malottki and Mrs. E. J. Wade, hostesses for the day, served a desert course for the picnic lunch at noon and the greater part of the day was spent stuffing toys for Christmas distribution to the needy.

Twelve were present at the meeting, the last of the season, including Mrs. Elbert Roberts, president of the United Presbyterian Women.

MRS. JAMES DAVID SIEGFRIED, the former Cynthia Kay Zahm, a daughter of Mr. and Mrs. Jerry Zahm, 1741 Third street, Madison, whose wedding took place Saturday evening at St. John United Church of Christ.

## ZIKOVICH-FUTRELLE NUPTIALS ANNOUNCED

Mr. and Mrs. John Zikovich, 2433 Center street, are announcing their marriage which took place Saturday. The informal ceremony was performed at 2 o'clock by the Rev. Clair Clark at Trinity

United Methodist Church. Attending the couple were Mr. and Mrs. William Charlton, son-in-law and daughter of the bride, who was Mrs. Sarah Johnson Futrelle, 2433 Center street. The couple is residing at that address.

GO TO CHURCH ON SUNDAY

## MHS '43 Class Plans Reunion

The 1943 graduating class from Madison senior high school is planning a 25th anniversary reunion on June 28 to be held at the Rose Bowl at 7:30 p.m.

The planning committee, Robert Blattner, Stanley Gasho, Mrs. Dorothy Hamilton and Mrs. Rosemarie Hayes, met recently in the home of Mrs. Elwanda Hayes, the class president. They have not been able to locate three of the members. Anyone knowing the whereabouts of Stanley Martin, Barbara Grimes and John Roark are asked to contact Stanley Gasho at 877-3254.

Robert Blattner, who will serve as the master-of-ceremonies, requests those who are planning on attending to bring records that were popular in the 1940's.

## Senior Citizens Hold Pot Luck

The Anchorage Senior Citizens monthly pot luck luncheon was attended by 65 members on Wednesday with Mrs. Romy Sadler leading the prayer.

An afternoon of games was enjoyed and prizes were won by Mesdames Elizabeth Stevens, Georgia Butler, Bernadine Hawks, Ella Parker, Mary Gilleland, Ethel Robinson, Clara Stein, Grace Holschouser, Althea Motts and Henry Fabian.

This was the last pot luck luncheon to be held this season. The next birthday party is to be held on Wednesday, June 26 at 2 p.m.

## PAST MATRONS CLUB ENDS SEASON

The Past Matrons Club of New Hope Chapter, Order of Eastern Star, was entertained Tuesday evening by Mrs. Estelle McBrien at Petri's Cafe.

This was the final meeting of the season, and 16 members were present.

Prizes in the games were won by Mrs. Louise Cook, Mrs. Bess Weiss, Mrs. Ann L. Mueller and Mrs. Thelma Jahnsen. Others present were Miss Carol Cook, Mrs. Lou Pyles, Mrs. Mary Taylor, Miss Anna Wilcox, Mrs. Mary Connolly, Mrs. Dorothy Edwards, Mrs. Charlotte Rapp, Mrs. Sara Dempsey, Mrs. Elizabeth Jones and Mrs. Roberta Lester.

## RECEPTION HONORS SECRETARY POWELL

A reception honoring Secretary of State Paul Powell was held Tuesday afternoon at the home of Dr. and Mrs. Stanley Maer, 1350 Twenty-seventh street, with about 25 persons in attendance.

The reception followed the secretary's talk before the Granite City Rotary Club. Dr. Maer was program chairman and had invited Secretary Powell to speak here.

BRIDE-TO-BE Miss Vera Sabo, whose parents, Mr. and Mrs. Kenneth York, 1722 Fourth street, Madison, are announcing her engagement to Carl Rapp, a son of Mr. and Mrs. Lyle Rapp of Belleville.

## Miss Vera Sabo Is Engaged

The engagement of Miss Vera Sabo of Madison, a daughter of Mr. and Mrs. Kenneth York, 1722 Fourth street, and Carl Rapp, son of Mr. and Mrs. Lyle Rapp of Belleville, is announced.

The bride-to-be attended Madison high school and Southern Illinois University. She is presently employed at First Granite City National Bank. Mr. Rapp, who attended Belleville West high school, is now in military service, stationed at Fort Leonard Wood, Mo. Wedding plans have not been made by the couple.

## BIRTHDAY DINNER

HONORS OTTO KREHER

Mrs. Marie Smith, 3008 Marshall avenue, entertained guests at a birthday dinner and party Tuesday honoring her son-in-law, Otto Kreher.

Others present were Mrs. Beil Kreher, Mrs. Otto Kreher and son, Danny, Mrs. Janice Atkinson, Mrs. Gloria Goodman and daughter, Mrs. Jacqueline Morris, Mr. and Mrs. Verlin Singler and son, Ricky, and Henry Coleman, all of Granite City, and Mr. and Mrs. Dennis Reeder and son Darren of Wood River.

"Ace Sets the Pace" — Quality at Lower Prices

### Tax Stamp Deadline on Alcohol, Gun Dealers

Jay G. Philpott, district director of Internal Revenue for central and southern Illinois, today released information concerning federal occupational tax stamp requirements.

Persons who manufacture, maintain for use, or deal in or with nine businesses or products listed below and who are currently registered must, on or before July 1, 1968, register and pay for occupational tax stamps for the new fiscal year ending June 30, 1969.

Philpott added that persons who will engage in business for the first time must register and pay for occupational tax stamps before commencing business in connection with gaming devices, wagering, narcotics, marijuana, distilled spirits, wines, beers, stills and firearms.

Document No. 8054, "Excise Taxes for 1968," which furnishes detailed information on this subject, may be obtained by sending a postcard to District Director, Internal Revenue Service, Springfield, Ill., 62704.

### Mrs. Halbrook, 27, Dies of Heart Ailment

Mrs. Patricia Halbrook, nee Carrell, 27, of 11 Kennedy drive, Granite City Army Depot, died of a heart ailment, Tuesday at 1:30 p.m., at Scott Air Force Base Hospital in Belleville, where she had been a patient for six days.

Born in St. Louis she had been a resident here for the past three years. Her husband, Donald Halbrook is Chief Warrant Officer at the Granite City Army Depot and is a local resident.

She was a member of the Officers' Wives Club of the Depot.

Besides her husband, Mrs. Halbrook is survived by an eight-month-old daughter, Tracy Ann; her mother, Mrs. Helen Carrell of St. Louis; two brothers, Allen and Richard Carrell of St. Louis; and two sisters, Shirley Lovelock of St. Louis and Mrs. Roger (Barbara) Pikul of Bridgeton, Mo.

Arrangements are given in today's obituary column.

### Miss Olga Klare, 77, Dies; Former Resident

Miss Olga A. Klare, 77, of 106a Purcell street, Edwardsville, formerly of Granite City, died at her residence at 9 a.m. Wednesday. She had been under a physician's care.

A clerk-typist the past 20 years with Madison County Mutual Automobile Insurance Co., in the Edwardsville office, Miss Klare had resided in that community the same length of time. Previously, she had lived for a number of years in the Quad-Cities.

Miss Klare was born in Davenport, Ia., and was a member of the Trinity Lutheran Church of Edwardsville. She was preceded in death by her parents, Adolph and Minnie (Kammerer) Klare, and a brother, Roy E. Klare, all of Granite City.

Survivors include one brother, Charles W. Klare of St. Louis; and a sister-in-law, Mrs. Gertrude Klare of Granite City.

Funeral arrangements are given in today's obituary column.

### Laclede, Fox Brothers Air Controls Approved

Air pollution control programs submitted by Laclede Steel Co. of Madison and Fox Brothers of Madison were among 35 from industries approved by the Illinois Air Pollution Control Board at a meeting Tuesday at Urbana.

The Laclede program includes installation of control equipment for boilers to be completed by the end of 1969 to control fly ash emissions, and an over-fired air combustion system to be installed by October to control smoke emission.

### Two GC Students On Scholarship List

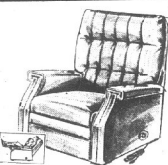

Two Granite Cityans, students at Central Methodist College in Fayette, Mo., have been named to the dean's scholarship list for the spring semester. They are James Edward Fremardt, son of Mr. and Mrs. Waldo Fremardt, 2311 Edison avenue, and Marilyn Jean Shepard, whose parents are Mr. and Mrs. Bernard Shepard, 2422 Edison avenue.

The scholarship honor requires at least a 3.0 or "B" average.

## Assembly Action Boosts Sabbatical Leave Salaries

An original plan to pay Granite City teachers on sabbatical leave about half of their salary has been altered substantially due to Illinois General Assembly adoption of higher pay for those faculty members expected to further their education. Final action on the change was taken by the school district this month.

The working agreement in effect for the July 1966-June 1969 period called for teachers placed on sabbatical leave for a year to receive \$5000 if they have a bachelor degree and \$5400 if they hold a master degree—or half their regular yearly pay, if it is greater.

Section 24-6.1 of the Illinois School Code, as revised by the state legislature after the agreement had gone into effect, calls for paying whichever is the greatest amount of three formulas: basic salary minus cost of a substitute teacher; half of basic salary; or the minimum salary provided in Section 24-8 of the School Code.

Section 24-8, effective in July

Granite City PRESS-RECORD  
Page 16 Thurs., June 20, 1968

for the degree of doctor of education.

### Continuation Policy

The continuation and three other sabbatical leave applications have been approved for the coming year. Under the extension, all benefits of the sabbatical leave program except salary are received.

Selections are made by the board on the basis of recommendations by the superintendent, guided by the findings of a screening committee composed of eight teachers.

Purpose of sabbaticals is described as "primarily for the improvement of the school district and secondarily for the individual's benefit."

It can be used for such activities as research, study, travel and other purposes approved by the board on the recommendation of the superintendent and committee.

### Here Six Years to Apply

Applicants must have at least a bachelor degree with six consecutive years of full-time experience in the Granite City district. They also must have at least seven full years of teaching service available before mandatory retirement age.

They receive all benefits normally accrued while teaching, and their sabbatical leave time is not construed as a break in consecutive years of service. The district pays the teacher's contribution to the Teacher Retirement System based on his normal teaching salary.

Sabbaticals are not granted to the same person more than once every seven years. Return for at least one full year of service is required.

Progress reports are submitted to the school district by the teacher monthly throughout the sabbatical.

### MORE ABOUT Sternberg

Canada; Hal B. Coleman, Sunset Hills, Mo.; Dick R. Morrow, Denton, Tex.; Dr. James B. Pretz, Kansas City, Kan.; and Vivian H. Simpson, Pacific Palisades, Calif.

General Contractor Sternberg, 49, is president of the G. H. Sternberg & Co., general contractors, at 1609 Delmar avenue, a firm he founded in 1950. He was born in DuQuoin, Ill., but moved with his parents to Granite City at the age of five years.

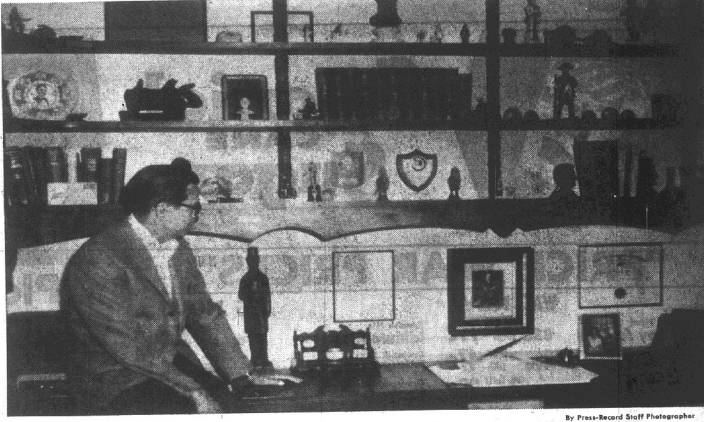

He attended local grade schools and was graduated from Granite City high school. As a teenager, he worked at Massey Dairy and at local service stations.

Later, Sternberg was employed as a messenger boy and blueprint trainee in the engineering department of General Steel Industries, Inc., from where he enrolled in the School of Engineering at the University of Illinois, resuming his employment at local plants during the summer months.

The new Optimist International president began full-time work in the GSI engineering department in 1941, as a draftsman and then as a field layout man. He was assigned as assistant to the plant engineer until joining the U. S. Seabees.

During world war II Sternberg spent 13 months in the European theatre, participating in the Omaha Beach invasion in June 1944. For a five-month period, he served in Alaska as a member of a U. S. Navy engineering crew, detailed to a civilian contractor who was constructing an emergency air strip above the Arctic Circle.

Joins Local Builders  
Upon discharge in December

**AVID COLLECTOR** of Lincoln memorabilia, the new Optimist-International president, G. H. Sternberg, is shown in his office at 1609 Delmar avenue with part of his extensive array of documents, books

and figurines dating to the Lincoln era. Centered on the wall are the "Silver Beaver" and "Silver Elk" awards, presented Sternberg for scouting activities.

### NAACP Officials will Attend Convention

Hugh Halston, state finance chairman of Illinois for the NAACP, will attend the 59th national convention of the NAACP to be held in Atlantic City, N.J., June 24 to 29.

He plans on leaving Friday to visit resurrection city in Washington, D.C., before attending the convention.

Mrs. Thomas Weston, president of the Madison branch, and Mrs. Gibbs, membership chairman, will leave Saturday for the convention in New Jersey.

### Randy Keith Choat Enlists in Army

Randy Keith Choat, 19, son of Mr. and Mrs. Martin L. Choat, 2104 Dawn Place, enlisted in the U.S. Army on June 17, and is now undergoing Basic Training at Fort Leonard Wood, Mo. SFC Harold C. Pratte, local Army Recruiter announced today.

Choat is a 1967 graduate of Granite City high school and has selected Topographic as his guaranteed enlistment option.

Carl Roach are co-chairmen of the arrangement committee. Veith will serve as master-of-ceremonies at the banquet.

C. A. "Bud" MacMillan and

Wednesday's dinner, Granite City Mayor Donald J. Partman, Hugh Cranford, Optimist International executive secretary, will address the gathering, according to Ernest E. Veith.

1945, Sternberg returned to Granite City, Kan., Chicago and St. Joseph, Mo. A half-century later, the International office is located in St. Louis, with 50 employees, including field representatives in 41 districts in the United States and Canada. Nearly 100,000 members now belong to more than 2700 Optimist clubs.

"Friend of Boy" In between the first convention and the 50th, Optimist International reached many important and significant milestones. In 1920 the first Junior Optimist Club was formed. The Optimist Creed was adopted in 1923 and the slogan, "Friend of the Boy," was approved at the 1924 convention.

The first Optimist Oratorical contest was conducted in 1928 and a Life Membership plan was the highlight of the 1938 convention. "Youth appreciation Week" came into being in 1957 and the "Respect for Law" program was introduced eight years later.

On January 1, 1968, thousands of people in Pasadena, Calif., and millions more through television, viewed a float in the Tournament of Roses Parade commemorating the 50th Anniversary of Optimist International. Titled, "Goodcoch Boy," the float won national recognition by its selection as the Judges Special Award for Humor.

In addition to Dr. Hagahai, featured speaker at next Wednesday's dinner, Granite City Mayor Donald J. Partman, Hugh Cranford, Optimist International executive secretary, will address the gathering, according to Ernest E. Veith.

MORE ABOUT

**Council Gives**

knew both men personally and felt a \$20,000 performance bond was adequate.

Alderman Robertson, a member of last year's Sanitation committee, then submitted a report by that committee which was headed by Alderman Dallas.

The report stated that "to insure the performance of any of the bidders, the committee requested that they each submit a performance bond in the amount of \$75,000 which would guarantee the city that the contract services essential to the health and welfare of the city would be performed by the bidder, or, in lieu thereof, there would be \$75,000 available for the city to obtain these services from a substitute contractor."

"Performance bonds meeting this requirement," the report continued, "has also requested balance sheets from each of the three bidders and has received balance sheets in the proper form from Milam Corp. and National Disposal, but a balance sheet in proper form has not been received from the Angle-Jarrett partnership for the reason that the statement furnished showed only the assets of that partnership and did not reflect any of the liabilities thereof."

"The committee finds that the partnership is the lowest bidder for the garbage and refuse disposal services, which were the subject of the bid, and recommends the acceptance of the bid of said partnership, provided that the partnership shall furnish this committee and the city council with an acceptable balance sheet and an adequate performance bond in the amount of \$75,000, sufficient for the city council to determine the partnership financially responsible and sufficient to guarantee the city adequate funds to accomplish the performance of the contract services in the event of the default of the partnership at any time during the term of the contract."

"It is the further recommendation of this committee that the partnership of Angle-Jarrett be given notice by the city clerk that the proper balance sheet and performance bond must be on file in the office of the clerk on or before 5 p.m. June 20."

In conclusion, the report stated — "It is the further recommendation of the committee that unless said evidence of financial responsibility is filed at the place and at the time specified, the partnership of Angle and Jarrett be determined by the city council to have failed to show sufficient financial responsibility to be awarded the garbage and refuse disposal contract for the city."

Robertson said the report was from the Sanitation committee, and Alderman Jarrett remarked, "Correction. That's the report of Sanitation committee No. 2."

**\$10,000 Bond Now**

In the debate, Alderman Fry brought out that the performance bond for the present contractor is \$10,000. He commented that he thought the \$75,000 figure was excessive. "That throws the local people out," he added.

Alderman Parmley said he believed the performance bond to be important and that \$75,000 would not be too much. Dallas said the committee didn't see the bond to keep the local people out.

When Robertson called for a vote on acceptance of the committee report, it was noted there had not been a roll call on Alderman Jarrett's motion to accept the low bid.

Voting "aye" for the low bid were Aldermen Rutledge, Fry and Jarrett. Opposed were Dallas, Moerlein, Bartosik, Whitmer, Boyd, Poulos, Green, Basarich, Nomm, Parmley, Robertson, Dawes and Johnson.

Robertson again called for acceptance of his report with the June 20 deadline for the partnership to submit a \$75,000 bond.

**Urges Action**  
Mayor Partney interceded to remark that the present contract expires July 1, and the council should not wait until the last minute to award the contract. "If you wait too long, you'll have garbage standing all over town."

In further discussion, it was brought out the city dump now is filled and the new contractor would be required to provide a landfill, Milam Corp. designates a location in St. Clair county, while Angle-Jarrett listed MAL Landfill on Chouteau Island, which several aldermen disputed, pointing out that possible action by the county could result in the city not having a dumping place.

As the debate continued, Mayor Partney remarked, "If you don't act on this contract with only 10 days left, you might find you'll have garbage coming out of your ears."

The committee report was accepted, but then the council members decided action should be taken that night, especially since Angle and Jarrett were in the audience and said they would be unable to post a \$75,000 performance bond.

Nomm said he objected to the partnership because of the plans to reduce the workforce from eight to six men.

**Five-Minute Recess**  
Robertson called for a five-minute recess to review the bids, and about 10 of the aldermen went into another room. They briefly discussed the bid figures and then decided to proceed with the contract award. During the recess one of the partners remarked there was "little hope for the little man to go into business."

Robertson presented the motion for award of the contract to Milam Corp. on its figure of \$183,918 a year.

Alderman Rutledge asked if two-week collections in summer months were worth the added cost of about \$18,000. "We've never had any complaints about one collection a week in the summer."

Fry asked if there was an alternate proposal from Milam for one collection in the summer. No one could answer him.

**Contracts Read**  
Mayor Partney suggested the contract proposals be read so council members would be aware of all details.

In the bids, Milam did not list an alternate figure for once-a-week summer collection, and the representative in the audience said he had no such figure available. The National Disposal bid of \$214,290 was reduced to \$175,000 with once-a-week collections.

Council members then called for a vote on award of the contract to Milam.

Mayor Partney remarked, "There's quite a bit of difference in those figures," but the roll call was started.

Voting for the contract were Aldermen Dallas, Bartosik, Whitmer, Boyd, Poulos, Green, Basarich, Nomm, Parmley, Robertson, Dawes and Johnson. Opposed were Moerlein, Rutledge, Fry and Jarrett.

**Mrs. Mattie Birks, 69,**

**Dies at Nursing Home**

Mrs. Mattie W. Birks, 69, 1638 East 23rd street, died at 3:30 p.m. Wednesday at the Main Street Nursing Home, Alton, where she had been a patient for the past three weeks. She had undergone surgery for cancer three months ago at St. Elizabeth Hospital.

Born in Bear Springs, Tenn., she resided locally 45 years. Her husband, Edward, died in 1967.

Survivors include one son, Russell Birks of Granite City; two brothers, Hawkins and Carl Meadows both of Bear Springs, Tenn.; and three grandchildren. Arrangements are given in today's obituary column.

**Tri-City Park**

MRS. LEOLA TUCKER  
1234 Edgewood Road  
576-7277

Mr. and Mrs. Jerry Freeman and children, Glen and LaCinda, of Pine street, accompanied Miss Nancy Whitfield during the weekend to her home at Clarkton, Mo. Miss Whitfield had visited here for one week.

Mr. and Mrs. Jack Hays and daughter, Jackie, and Charlotte Joyce spent the weekend at Crab Orchard Lake near Murphysboro, Ill.

with only 10 days left, you might find you'll have garbage coming out of your ears."

The committee report was accepted, but then the council members decided action should be taken that night, especially since Angle and Jarrett were in the audience and said they would be unable to post a \$75,000 performance bond.

Nomm said he objected to the partnership because of the plans to reduce the workforce from eight to six men.

**Five-Minute Recess**  
Robertson called for a five-minute recess to review the bids, and about 10 of the aldermen went into another room. They briefly discussed the bid figures and then decided to proceed with the contract award. During the recess one of the partners remarked there was "little hope for the little man to go into business."

Robertson presented the motion for award of the contract to Milam Corp. on its figure of \$183,918 a year.

Alderman Rutledge asked if two-week collections in summer months were worth the added cost of about \$18,000. "We've never had any complaints about one collection a week in the summer."

Fry asked if there was an alternate proposal from Milam for one collection in the summer. No one could answer him.

**Contracts Read**  
Mayor Partney suggested the contract proposals be read so council members would be aware of all details.

## Seek Repeal of County Out-of-State Dump Ban

The sanitation committee of the Madison county board of supervisors will make another attempt to repeal the controversial Kullinger amendment and reduce a \$100 fee on Missouri vehicles dumping waste materials in Illinois during Monday's board meeting.

The repeal would permit the county to regain control over out-of-state dumpers, it was pointed out at a committee meeting last Monday.

The amendment forbids out-of-state trucks from dumping in Madison county, and the fee is \$50 more than that established by state law. A court injunction which ensured bans any controls or fees on Missouri haulers.

Gerald J. McGovern, assistant state's attorney, informed the committee that if the amendment is repealed and the fees reduced, the injunction fight be lifted.

Jack Clifford, county sanitation officer, is enjoined against any restrictions on the Missouri haulers by the injunction, while Illinois must have inspection-approved trucks and pay a license fee.

"If the county board refuses, we're dead," Clifford said. Carl Buchler of Granite City, committee chairman, said "we can count on 11 votes." The committee plans to continue efforts to obtain the repeal if Monday's effort fails.

## Pet Zoo, Rodeo At State Fair

Among new attractions at this year's fair will be a "Pet Zoo." The "Zoo" includes such animals as a young cheetah, a friend of a llama; a dwarf African goat and a Barbos sheep.

The zoo also features trained elephants and camels that youngsters, both old and young, enjoy riding. The "Pet Zoo" consists of about 80 animals and birds and will be under a special "Mini Big Top" across the roadway southeast of the Exposition Building.

Two Illinoisans, Eldon Spencer of Port Byron and Wayne Hickok of New Windsor, own and operate the rodeo scheduled for the first three days of the Illinois State Fair in Springfield. Performances of the Lightning 4 Rodeo, which is sanctioned by the International Rodeo Association, will be at 8 p.m. Friday, Aug. 9; at 2 p.m. and 8 p.m. Saturday, Aug. 10, and at 10 a.m., 2 p.m. and 6 p.m. on Sunday, Aug. 11.

The nation's leading professional cowboys will compete for cash prizes and high ratings. There'll be Brahma bull riding, call-roping, saddle bronc riding, steer wrestling and bareback bronc riding. In addition, a battery of clowns will draw the bulls' attention from fallen cowboys.

### Parked Auto Struck

The auto of Pauline Nichols, 1014 Madison avenue, parked in the 2200 block at Missouri avenue, was struck in the left rear by a car driven by Billy B. Moore, 1408 Iowa street, who said he was blinded by oncoming lights at 9 p.m. Tuesday.

TWO SISTERS OF DIVINE PROVIDENCE who have joined the staff at St. Elizabeth Hospital, shown conferring with John Drevets, public relations and development director, on plans for the new coffee shop. They are Sister John Paul (center) and Sister Mary Michael (right).

## 2 New Sisters Join Staff At St. Elizabeth Hospital

Two Sisters of Divine Providence, Sister John Paul and Sister Mary Michael, have joined the staff of St. Elizabeth Hospital.

Sister John Paul, who took her first vows last week, worked at the hospital in 1963 until 1965 as an x-ray technician, returns now to supervise

the department. She has completed two years of x-ray training, one at Missouri Baptist Hospital and one at Jewish Hospital. After completion of her training, she was employed at the Labor Health Institute in St. Louis for one year. Sister Mary Michael has just finished her nursing education

### Storm Door Window Shot

Richard Hushken, 2204 Johnson road, reported at 2:35 p.m. Tuesday that during the night vandals shot two holes in the storm door of his home with a BB gun.

at Marillac College, St. Louis, and will be working as a staff nurse in the emergency room. In addition to her nursing duties, Sister Michael will be responsible for the hospital's disaster program.

**Man Bitten by Dog**  
Winston C. Ruffelt, 2021 Clark street, was bitten in the left leg by a dog while he was looking at a used car at 1808 Grand avenue at 9:20 p.m. Tuesday. He was treated at St. Elizabeth Hospital. The owners confined the dog.

### Parking Lot Accident

An auto driven by William Schermer, 43 Terrace lane, was involved in an accident with a car driven by David Grindstaff, 4784 Nameoki road, at 12:30 a.m. Wednesday on the Snack Shack lot, Niedringhaus and Washington avenues.

## Three Graduations in Max Prusak Family

Mr. and Mrs. Max Prusak, 232 Waterman avenue, celebrated the graduations of their three children this week in Champaign, Ill.

Miss Nancy Prusak was graduated from Granite City high school earlier this month, and plans to attend Southern Illinois University at Carbondale in September.

Miss Elaine Prusak received her B.S. degree in Biology from the University of Missouri at Columbia, Mo., and their son,

### Window Shooter Caught

A teenager was caught shooting out windows at the rear of 2024 Park avenue at 7:40 p.m. Tuesday. The boy was turned over to his parents who agreed to reprimand him and take care of the damage.

Max Prusak received his juris doctorate degree from the University of Illinois Law School at Champaign this past week-end.

# MORE ABOUT

## Burglar Dives

missing. Entry probably was gained through an unlocked side window.

### Power Saw Stolen

A 6½-inch power saw was stolen from the garage at the Raymond Freeman home, 612 Jefferson avenue, it was reported to Venice police yesterday afternoon. Entrance was gained by forcing the garage doors. Freeman valued the saw at \$60.

Tools valued at about \$200 were stolen during the night at the Shemwell garage, 2907 Nameoki drive, it was reported Monday by Dallas Shemwell. Taken were a brown tool box with tools and gauges, a set of deep well sockets, six or eight hammers, brake tools and a set of box and open end

wrenches. Entry was gained by forcing the rear door.

### Revolver Stolen

A thief pried open the glove compartment of the auto of Walter Page, 2815 East 24th street, and stole a nine shot .22 caliber revolver, he reported at 11 a.m. Wednesday.

Dan Robertson, 2416 East 20th street, reported at 8:15 p.m. Tuesday that a .26 caliber automatic was missing from a dresser drawer in the bedroom of his home.

### Air Conditioner Stolen

A 10,000 BTU air conditioner was stolen from a Franklin Union Co. furniture truck parked at 18th street and Delmar avenue Monday, it was reported at 9 a.m. Tuesday. A lock was broken off of the truck.

Charles Marcus, 4106 Stearns avenue, reported at 8:45 a.m. today that a child's red wagon, 30 cans of soda and five six-packs of soda were stolen from his home during the night.

George Filcoff, 1236 Niedringhaus avenue, reported at 9:35 a.m. today that his wallet containing credit cards and papers was stolen while he was in the

vicinity of Graham's book store at noon Wednesday.

### Red Wallet Stolen

Wenona Emerson, 2330 Edwards street, reported at 12:15 p.m. Tuesday that while she left her auto momentarily to enter a house in the 1900 block of Benton street, a thief stole her red wallet from her purse which had been left in the car. The wallet contained her driver's license and papers.

Jimmy L. Hays, 5107 North Park drive, reported at 11:35 p.m. Monday that his white 1959 auto was stolen from the A & P parking lot, 20th street and Madison avenue, after 6 p.m.

### Guitar, Vibrator Stolen

James Walker, 2145 Cleveland blvd., reported Monday that an electric guitar valued at \$250 and a tone vibrator valued at \$40 were stolen from his home about three weeks ago.

Burl Hobbs, 2968 Iowa street, reported at 3:35 p.m. Monday that a man's yellow gold watch was taken from his home on about June 3. He suspected a young boy who was in the house to be paid for emptying some trash.

## Union Seeks Aid for Family Of 2 GC Drowning Victims

While search parties continue to patrol the Mississippi River today looking for Frank Hufstader, 46, and his son, Robert, 13, who went down Saturday afternoon while swimming below the low water dam, the officials of the Oil, Chemical & Atomic Workers Union, Local 7-663, are seeking assistance in providing aid for the family.

Fourth Ward Alderman Claude Green, an employee of Union Division, Miles Laboratories (Union Starch & Refining Co.), said that while Hufstader was not employed at the plant, the union became aware of the needs of the family for financial assistance.

"He said Foster Fredrick, a union committee chairman and Thomas Austin, president of the union, are handling the matter and may be contacted by anyone wanting to help."

The Hufstader family resides at 2409 Bryan avenue. The father was a mechanic for a St. Louis firm.

There are several other children in the family.

### Boy Bitten by Dog

Mrs. Geraldine Clay, 2413 Edwards street, reported at 9:30 p.m. Wednesday that her son was bitten by a dog while he was riding a bicycle on East 25th street. The boy was treated at St. Elizabeth Hospital. The city humane officer was to contact the owner of the dog, John L. Caplain, 2428 East 25th street, police said.

### Two Muffler Charges

Charges of driving without a muffler were filed against William E. Goss Jr., 2024 Sunbury avenue, at 1 p.m. Wednesday at St. Clair avenue and Edgewood drive, and Charles T. Seegers, 2712 National avenue, at 11:55 a.m. Wednesday at Johnson and Pontoon roads.

# MORE ABOUT

## Boy Cyclist

knocked off the bicycle, and the bicycle was demolished.

### Motorcyclist Injured

Robert Paul Meredith Jr., 19, of St. Louis was injured at 3:55 p.m. Monday when his motorcycle flipped over on Interstate 70 three-tenths of a mile west of Route 111. He was taken to St. Mary's Hospital, East St. Louis, for treatment. The vehicle developed trouble in the front and Meredith lost control when he tried to slow down. Clarence Stephens Jr., 17, of 1305 Kirkpatrick Homes, was injured when he fell off a motorcycle. He was treated at 10:55 a.m. Wednesday at St. Elizabeth Hospital for lacerations to the left knee and abrasions to the left leg. He was x-rayed and released.

Injured in Edwardsville George E. Smith, 2723 Harvey place, was injured when his auto ran off St. Louis road in Edwardsville Monday. He told police he apparently fell asleep at the wheel.

His auto damaged a mail box, four shrubs, a tree, the front lawn and two weatherboards on the home of Alvin Trampe, in addition to a speed limit sign and a passing sign on the highway.

Smith suffered a cut to his right forearm and complained of pains to his left shoulder. He was charged with careless driving.

Katrina Crafton, 15, of 2411 Terminal avenue, was injured when an auto in which she was riding, driven by Raymond P. Kahn, 2341 Terminal avenue, struck another driven by Marlene Y. Painter, 2525 Buenger

**NEWCOMER TO  
OUR COMMUNITY!**

*How About That?*

**WE'RE ALWAYS AMONG THE FIRST TO KNOW...**

**AND IT'S**

**OUR BUSINESS**

**TO LET EVERYONE IN THE QUAD-CITIES KNOW**

We let everyone — over 18,600 Press-Records are bought and read each Monday and Thursday — know what's going on in our communities. We take you to council meetings, school board meetings, local sport events, parties, weddings ... to everything that's happening in the Quad-Cities. And we take you to all the leading stores for a shopping spree. All you need do is flip the pages in the comfort of your home. Reading the news and ads in the Press-Record is the efficient way to keep abreast of "what's happening." And by the way, if you have something you want to sell — let Press-Record "classifieds" do the job for you — for just 7c a word.

### Replacement for Mimosa

Several small trees have special qualities to qualify them as superior replacements for Mimosa.

Your choices include the red bud and magnolia because of the flowers, the purple leaf plum and purple leaf smoke tree for colorful foliage and the hawthorne and holly for fall and winter berries. All are easily grown and will become small trees similar to the Mimosa. Each will reward you if selected for their own specialty.

Eastern red bud is a popular small tree so well known for its early spring flowers and fast growth. Its yellow fall color and heart shaped leaves are additional features to consider. Pure white varieties as well as many shades of red and pink are now available.

Saucer Magnolia is another proven beauty well known for small size, spring beauty and constant growth. Summer foliage is rather dense and attractive. Gray winter bark and large flower buds provide wintertime interest.

Purple leaf plum is well known for the handsome purple foliage throughout the summer and its ability to prosper in hot dry weather. This tree will produce a dense compact top and small edible purple plums. "Thundercloud" is a favored variety for good summer color. This tree should be grown as a single trunk tree in full sun and occasionally pruned to develop proper branching.

Smoke tree is a fast growing small tree known for smoky-like feathered growth of the flowers and brilliant fall color. After bloom the flowers develop a fuzzy feather-like mass which lasts a good portion of the summer. The purple leafed variety offers the additional quality of attractive summer foliage. Fall color is very effective as the foliage becomes brilliant scarlet to orange. Only female trees will produce the "smoke" effect. A nearby male is not necessary.

Washington hawthorne is well known for its many ornamental features. Clusters of white flowers in late spring, shiny dense foliage, fleshy fall color and bright scarlet clusters of fruit in early winter are all credits to this small tree. Dense growth

and rather small size are additional features of this tree. Bird lovers say the berries become favorite food for early spring migrating birds, including robins.

"Possum Haw" Holly is a little-known native holly which produces heavy crops of orange to scarlet berries. These berries will often last throughout the winter, until migrating spring birds turn your tree into a temporary bird feeder. Possum Haw is a small spreading tree with glossy summer foliage. The open growth and heavy crop of bright berries often creates an artificial appearance. Only female trees produce the berries and a male must be planted nearby.

You may need to special order some of these to get the size and shape to fit your special location. Fall planting will be most satisfactory unless you can find a nursery tree already dug and growing while your nurseryman stores it in sawdust or peat.

Something Bright for Shade

Begonias and Sultanas are a dream come true when you need to brighten up a shaded area.

Either individual plants carefully situated or clumps of these shade loving plants will thrive when they are cool and well watered. Fibrous rooted begonias produce a dense clump of leaves and flowers will continue to bloom until frost. These plants can still be found in some garden stores and can be pruned back if they are tall and overgrown. If you have a dense shade area and haven't grown fibrous rooted begonias, experiment with a few plants to see if it can solve your shade problem.

Sultanas are fast growing and provide continuous flowers until cold weather. This shade loving plant can still be found in some garden stores and will recover if the plants are tall and overgrown. Occasional pruning will help maintain compact growth.

Adequate water and a fair chance is all these garden flowers need to prove their worth.

### Vacation For House Plants

Many indoor foliage plants will prosper if they are given a summer vacation planted outside in the shade. Sultanas are fast growing and provide continuous flowers until cold weather. This shade loving plant can still be found in some garden stores and will recover if the plants are tall and overgrown. Occasional pruning will help maintain compact growth.

A small nursery of house plants in cool shade and adequate water will give you a vacation, says Ed Hume, Horticulturist at SIU Campus. Your foliage plants do not have to be transplanted unless the pot

is too small or a glazed container without damage. When the entire pot is planted, you should mulch the nursery to hold moisture, insulate the soil and reduce frequency of watering.

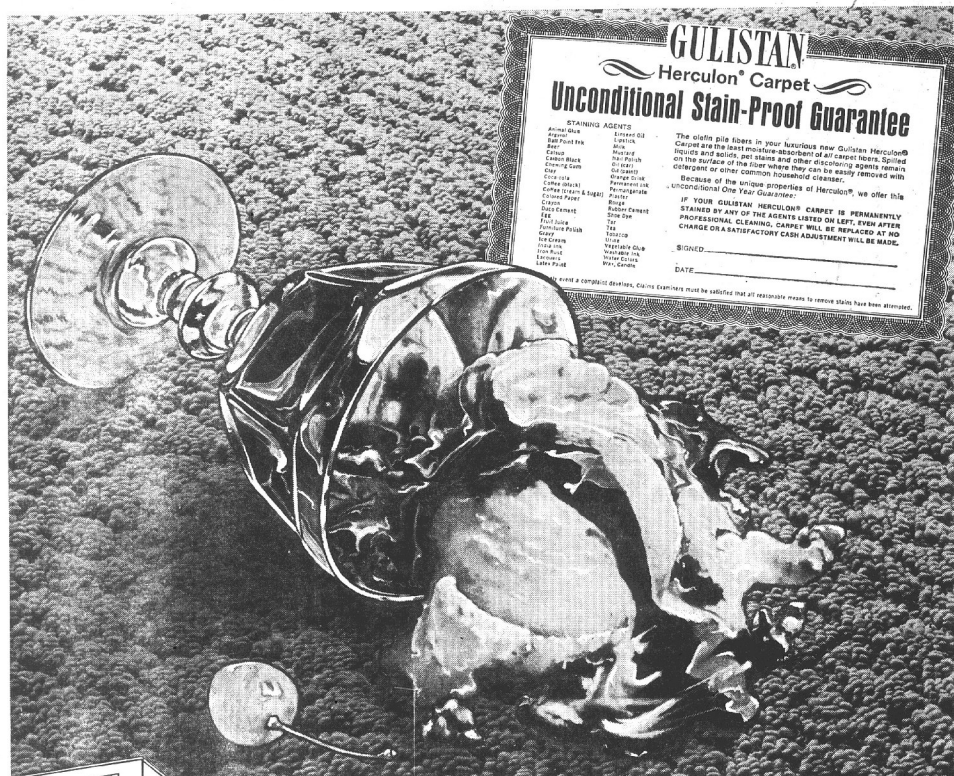

Hume suggests pruning back the plants so new growth will create a sturdy compact plant. He insists on full shade to protect the tender shade loving plants from sunburn. An exception to this rule is cactus.

They prefer full sun and regular watering. Planters and glazed containers should not be put outside. Transfer each plant to a clay pot for the summer, then replace in the fall.

Starting new plants from the pruned off portion is another of Hume's suggestions. Use a well drained rooting soil such as peat, perlite or sand. Fasten a plastic bag over the pot and cuttings begin to grow, remove the plastic.

### Addition to Kitchen At Eagles Lodge Ok'd

Four decisions by the Zoning Board of Appeals were upheld Monday night by Granite City council members who granted three side property line variances and denied another.

Eagles Lodge was given permission to erect an addition to its kitchen at 26th street and Madison avenue extending with-in 20 feet.

Approval was given for Harlan Hill, 1536 Garfield avenue, to build a garage in an R-2 district 2½ feet from his property line, and David Talley, 3215 Aubrey avenue, was given permission to build a garage and patio on his 15 feet side yard.

Denied was the request by Louis Brusatti, 2211 Manley avenue, for a garage two feet from the property line in an R-1 district. There was an objection.

### Rev. Twietmeyer To be Honored

Rev. Arvin Twietmeyer, pastor of Concordia Lutheran Church, 2301 Grand avenue, will be the honored guest at a special anniversary service to be held on Sunday, at 2:30 p.m. at the church, in recognition of 25 years of service.

Rev. Twietmeyer was ordained into the ministry on June 13, 1943, at Greenburg, Ind., by Rev. Ottomar Krueger. During his ministry, he served at Greenburg from 1943 to 1945, when he went to the Immanuel Lutheran Church in New Tracy, Ind., for three years. In 1948 he accepted a call to Trinity Lutheran in Birmingham, Ala., where he served until 1954 when he came to Concordia.

**Sp/4 Lawrence Reader Gets Parachutist Badge**

Army Specialist Four Lawrence C. Reader, 21, son of Mrs. Alice Bauza, 2412 Edison avenue, received a Parachutist Badge this month upon completion of the Infantry School's three-week airborne course at Ft. Benning, Ga.

His training, which included five jumps from a C-130 airplane flying 170 miles an hour at an altitude of 1250 feet, qualified him as a parachutist. He also underwent strenuous physical conditioning. His father, Richard Reader, resides in Alton.

#### 12 Drivers Arrested, Police Use Radar Unit

Twelve drivers were charged with speeding Monday as traffic division police operated a radar unit on various city streets. Issued tickets were—Kay L. Handlon, 1505 St. Clair avenue; William J. Rolter, 4027 Alton road; Kenneth J. Sudholt, 3809 Fair Oaks drive; Gale S. Williams, 2445 Lynch avenue; Floyd C. Bullard, Edwardsville; William Davis, 3240 Aubrey avenue; Elmer A. Delin, 2708 Center street; Adam T. Hornberger, 18 Cambridge drive; Gary E. McDougall, Bethesda; Joe R. Youngman, 2630 Iowa street; Karen R. Calvert, 2323 East 2nd street; and Robert D. Hamer, Wood River.

MRS. PAULINE DALHAUS, 2502 Pine street, recipient of a \$110.50 check from Edw. Stone, manager of the A & P Food Store, as a winner in the store's derby contest.

TRY A PRESS-RECORD CLASSIFIED AD FOR RESULTS

## Letter to Council Protests August Street Closing

A letter protesting the proposed closing of August street between East 23rd street and Edwardsville road was received Monday night by Granite City council members.

The letter was referred to committee. Alderman Bartosiak, chairman of the Special Sewer committee, said a meeting has yet to be arranged on negotiations between the city and Granite City Steel Co. on the easements needed on steel mill property along East 23rd street and Nameoki and Edwardsville roads.

Granite City Steel is offering to grant the easements and convey the property to the city for storm water ditches, provided the city gives the steel firm the August street right-of-

way which divides its property. The proposal was made June 7, and council members called for the committee to reach some other agreement and to keep the street open.

Mayor Partney said he tried to arrange a meeting with steel mill officials last week but was unsuccessful and would try again this week.

#### Nameoki Rd. Crosswalk

Council members referred to the Granite City Housing Authority a letter from the state highway department pointing out its preference for a pedestrian crosswalk lights at widened Nameoki road and Victory drive near Kirkpatrick Homes.

Robert Kronst, district highway engineer, said the cost of an elevated crosswalk would be

\$30,000 to \$50,000, compared to \$12,000 for traffic lights, and that the cost would have to be borne by the city or housing authority.

He noted the crosswalk would have to be 17 feet high, requiring 30 steps, and he said it was doubtful that elderly people or youngsters would use it if the walkway was not convenient. The city also would be responsible for maintaining the stairways in winter.

The state suggested the pedestrian crosswalk lights be installed at Victory drive and that a school crossing guard be kept on the job at school hours.

Mayor Partney said he had conferred with Samuel Shackelford, school crossing guard at Kirkpatrick Homes, and it

was suggested the crosswalk lights be installed at Pershing avenue and the area fenced to prevent youngsters from crossing at other locations.

#### Sewer Lift Station

Referred to Street Supt. Warfield was a recommendation by Edward Jeneau of Sheppard, Mogen & Schwab, public engineer for the city, for impellers to be replaced at the Fehling road sanitary sewer lift station to step up the flow from 500 gallons per minute to 750 gallons. Mayor Partney said he had requested the engineering study because of the growth of the area served by the line.

Alderman Johnson was critical of the mayor's action, saying the same recommendation had been made last year by former alderman G. H. Sternberg.

Partney said the change of impellers would cost about \$100.

A request is to be made to the state highway department to paint traffic lane stripes along East 20th street between Edwardsville road and Madison avenue.

At the recommendation of Alderman Johnson, a request is to be made to the East Side Levee & Sanitary District board to provide drainage for the YMCA league soccer fields on St. Elizabeth school grounds. Johnson pointed out the levee district has an easement across the property.

Permission was given the United Council of Americanism to parade in Granite City today at 6 p.m. along Madison avenue and Nameoki road to the high school football field. Several aldermen said they had heard the parade route had been changed and limited to Madison and Venice to end at Lee Park in Venice, but it was decided to grant the permit in the event the parade will proceed in Granite City.

John read to the council was a letter from the Granite City Jaycees in which James Jeffries, president, said the Jaycees have postponed their Americanism celebration because of the lack of time for proper preparations.

#### Four Excavation

#### Permits Approved

Four excavation applications from Illinois Power Co. and Southwestern Bell Telephone Co. were approved Monday night by Granite City council members.

Illinois Power is to replace a gas main along 23rd street between Monroe street and the alley between Lee and Washington avenue with 200-foot and 150-foot excavations and between the sidewalk and curb along Niedringhaus avenue at Walnut street, with a 275-foot excavation to serve the American Colloid Co.

Southwestern Bell is to place a cable underground on the east side of Poplar street from 20th street and extending along Oak street. Another will be across Johnson road near Westchester drive.

#### Services Held Tuesday

#### For Charles Barr, 66

Funeral services were held for Charles E. Barr, 66, of Worden, Ill., Tuesday at 2 p.m. from the Newhope Baptist Church there with Rev. William Robertson officiating. Interment was at Worden City Cemetery.

Mr. Barr had been ill for several years and died at the Community Memorial Hospital, Staunton, at 6:05 Saturday. Survivors include his wife, Mrs. Emma Barr, one daughter; a son; four grandchildren; and two sisters, Mrs. Beale Bayer and Mrs. Jennie Boyd, both local residents.

## Home Notes

By Mrs. Catherine R. Mauck  
Madison County Home Adviser,  
Home Economics Extension  
University of Illinois

### Plastic Webbing at Windows

It's easy, to make, even easier yet to wash.

Just when it seems there are no more really different and ingenious ideas for home decorating, along comes something bright as a new penny—using plastic webbing, best known for its use on garden chairs, to make window curtains. Vertical strips of white plastic webbing make a distinctive window treatment for a boy's bedroom, den, family room, basement recreation room, or any room in a summer cottage—in short, anywhere that an informal motif is desired.

Plastic webbing—available by the yard in a choice of colors—is simple for even an inexperienced seamstress to work with, because little actual sewing is involved.

Here's how it's done: cut several strips of webbing the length of the window, and sew a loop of any fabric to the top and bottom edges of each strip. You will need two round cafe curtain rods for each window—one for the top and one for the bottom. Then simply insert a rod through the fabric loops at each end, leaving one-inch spaces in between the strips.

Place the rods in brackets at the top and bottom of the window and presto! You have a neat, tailored window treatment that won't be disturbed by the highest wind or stormiest weather.

In fair weather, the webbing strips allow plenty of light to come through because of their loosely woven construction and the spacing. You don't always have to take webbing down to keep it clean, a once-over with a sponge dipped into hot soap or detergent suds will remove surface dirt right at the window. However, it should get a "real" laundering at least once a season. Switch the strips through hot suds, rinse under the faucet, shake off excess water, wipe with a towel, and hang them back in place.

### Washing Electric Blankets

Before you store your electric blanket for the summer, be sure it's clean.

All manufacturers agree that washing is the only safe way to keep electric bedding clean. In fact, frequent laundering is recommended so that soil does not become embedded in the fibers.

When automatic blankets were first introduced, the idea of washing was not easy to accept. But women gradually lost their timidity about putting anything electrical into the suds. If you are about to launder your first electric blanket, follow these simple rules:

First, disconnect the control and shake the blanket gently to remove dust. Second, pretreat heavily soiled bindings and stains with a heavy duty liquid detergent. Next, soak the blanket in warm suds (105°-120°F.) for about 5 to 10 minutes. Then drain the washer and refill with clean water using an adequate amount of soap or detergent. Follow the recommendations that are printed on the detergent package to determine the correct amount for your washer type.

Wash the blanket one to three minutes using gentle machine agitation. Rinse-water temperature need be only moderately warm (105°F.). A short spin cycle will remove most of the water, and any remaining moisture can be gently pressed out by hand. Never put an electric blanket through a wringer.

For hand-washing, use the bathtub which is large enough to immerse even a double blanket without crowding. Observe the same rules as to water temperature. Instead of rubbing, use a plumber's plumb-

STATE PTA PRESIDENT, Mrs. Ula Brazier (standing) confers with Granite City PTA Area Council officials, Dr. Benjamin T. Rose, vice-president, and Mrs. Twila McKinney, council president (second from left), following a meeting here Monday to consolidate all junior high schools into a single PTA unit. Seated at right is Mrs. Marty Holland, District 29 director, ICPT.

## One PTA for 4 Junior High Schools in GC is Proposed

The initial step in organizing a single junior high school Parent-Teacher Association unit for parents and faculties from all four Granite City junior highs was taken Monday evening during a special meeting in the Coolidge JHS cafeteria.

The importance of continuing a PTA program at the junior high school level was reiterated by Mrs. Ula Brazier, president of the Illinois Councils of Parents and Teachers, and Mrs. Marty Holland, District 29 director, ICPT.

Participants in the meeting included a representative group of parents whose youngsters currently are attending or will enroll in a Granite City junior high school this fall.

Formation of a single PTA unit covering Central, Prather, Coolidge and the new Grigsby junior high schools was initially proposed by the Granite City Area PTA Council.

Mrs. Twila McKinney, council president, said today that many active PTA parents, upon reaching the junior high level, discover activities in this area considerably reduced from grade school. She noted, however, the transitional period between grade and junior high is often most difficult for the child, with numerous problems arising from socialization in curriculum, classroom habits and daily assignments.

Granite City school administrators and faculty members are behind the PTA program and it is unfortunate that when the time comes that a parent's group can be most helpful, participation falters, Mrs. McKinney said. She pointed out that parents can greatly benefit from educational programs offered at all PTA meetings, specifically the junior high level, to understand better the problems of their children.

Various methods of organizing the four schools into one unit were discussed and possibility of electing a president and four vice presidents, each representing a school, was explored by proponents of the program.

Mrs. Alma Burnett, Dr. Benjamin T. Rose and Martin Love were appointed to prepare a slate of officers for presentation to the group's next meeting.

Also named to a by-laws committee were Mrs. Vee Throne, Mrs. Maxine Ellington and Mrs. Mary Fehrmann.

Parents of all junior high school students are invited to attend the next session, slated for 7:30 p.m., Monday, July 15, at Coolidge junior high school, Mrs. McKinney said.

### Sunday Services

"Is the universe, including man, evolved by Atomic Force?" This question is the topic of the lesson-sermon to be read in all Christian Science churches Sunday. Services at First Church of Christ, Scientist, 2560 Delmar avenue, begin at 10:45 a.m.

## Richard Lilly Is Promoted To Lt. Colonel

Major Richard A. Lilly, a U.S. Army helicopter pilot who recently concluded a second tour of duty in Vietnam, was promoted this week to lieutenant colonel, according to word received by his parents, Mr. and Mrs. Glen Lilly, 2149 Robert street.

Presently stationed at Fort Rucker, Ala., Lt. Col. Lilly is scheduled to leave there Aug. 1 for Fort Leavenworth, Kan., where he will attend General Staff College and assume other duties within the next 12 months.

He will be accompanied by his wife, the former Miss Betty Rate of Venedy, Ill., and the couple's four youngsters, Stephen, 13, Ricky, 11, Sherry, ten, and Douglas, five.

During Lt. Col. Lilly's latest tour in South Vietnam, concluded in April, he served as company commander of the Tomahawk Group with the 128th Assault Helicopter Company, based north of Saigon.

In 1963, while assigned as an adviser and training officer to South Vietnamese forces, he was shot down twice and received the Purple Heart Medal for an arm wound suffered in another combat mission. Among other awards, he also holds the Army Commendation Medal.

The Army officer was graduated in 1950 from Soldan high school in St. Louis and was drafted into the Army in 1953.

The family moved to Granite City in 1955 and his return to Southeast Asia early last year, Lt. Col. Lilly commanded

several training groups, including a new helicopter training wing, organized in 1966 at Fort Riley, Kan.

## Mrs. Rode Re-Elected By Lewis-Clark Board

Mrs. A. H. Rode of Granite City was re-elected treasurer of the Lewis & Clark Library system Monday, and Mrs. James L. Reed of Edwardsville was re-elected president.

Other officers re-elected are David L. Jackson, Litchfield, vice-president, and Elmer Hart, Hartford, secretary.

It was announced that the system's budget for the biennium will be up for adoption at a meeting in August.

Jack Olsen, representing Architectural Associate, Inc., reported that work on the system's new headquarters building near Edwardsville is progressing rapidly and that the building should be completely closed in and roofed by mid-July.

## New Brochure Explains Safety Responsibility Law

Secretary of State Paul Powell today announced the issuance of a new, small brochure explaining the provisions and requirements of the Illinois Safety Responsibility Law.

"This law affects all motorists who are involved in accidents in which there is more than \$100 property damage, personal injury or death, but it is not very well understood, even though it has been in effect since 1946," Powell said.

"As a result, many motorists have been needlessly inconvenienced by having their drivers licenses and motor vehicle registrations suspended simply because they were not aware of what the law requires under those circumstances," he added.

"We hope this brochure will help to prevent such inconveniences."

The brochure, titled Protect Your Drivers License—Know the Law, is being enclosed with all renewed drivers licenses, is available at all downtown Driver License Examining Stations and the three Motor Vehicle Facilities in Chicago, and will be distributed through Driver License Mobile Units appearing at county fairs and similar events, and at Secretary of State's exhibits at the Illinois State Fair.

The brochure points out that the law makes no distinction between motorists who are at fault and those not at fault in the type of accidents affected by the law.

Every motorists involved in that type of accident is required to file a written report within 10 days with the Division of Highways, Department of Public Works and Buildings. This is in addition to any report required by local police or other governmental agencies.

Motorists who are uninsured at the time of the accident must do two things: post cash or bond in an amount determined by the Division of Highways to be sufficient to cover the damages and file future proof of financial responsibility for a three-year period.

The bond or cash deposit will not be required if the motorist obtains a release from liability, has been adjudicated not to be liable or files a written agreement providing for the payment of all claims.

Future proof of financial responsibility may be established by filing a certificate of insurance, filing a bond in the amount of \$25,000 or depositing \$25,000 cash.

These are all requirements of the law, and motorists failing to comply with them must have their drivers licenses and all motor vehicle registrations suspended, Powell said.

"It is my hope that this brochure will help motorists involved in accidents to avoid having their licenses suspended only because they were not aware of what they should do," Secretary Powell said.

CHEERLEADERS FROM GRANITE CITY HIGH SCHOOL, Miss Ruth Diak and Miss Darla Walton, foreground, who attended the 15th annual summer cheerleading school at Illinois State University, Normal, for a week of instruction.

### Miss Thomas Enlists In Women's Army Corps

Mary Alyce Thomas, daughter of Mr. and Mrs. Raymond Thomas, 1416 Niedringhaus avenue, has enlisted in the Women's Army Corps and will fly July 1 to Fort McClelland, Ala., for an eight-week basic training course.

After a two-week visit at home, she then will attend a school at Fort Sam Houston, Tex. She chose medical lab procedures as her guaranteed enlistment option.

Miss Thomas, who attended Sacred Heart school, was graduated this year from Granite City high school where she participated in sports and the Girls Athletic Association, receiving many awards. She plans to follow the nursing profession as her career.

Her father has been affiliated with Mercer Mortuary since his discharge from the Army in 1945. Her sister, Karen, will be a senior at GCHS in the fall.

MARY ALYCE THOMAS

### Shryock Auditorium To Get Facelift

Venerable Shryock Auditorium at Southern Illinois University, Carbondale, once the finest concert hall in the downstate region, is set for a thoroughgoing facelift.

The 50-year old building is scheduled for a \$1,200,000 renovation that will emphasize careful preservation of architectural detail.

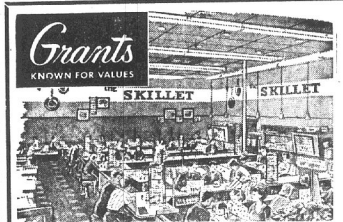

SIU Architect Charles Pulley said bids will be received next Tuesday in the auditorium itself. The building will be closed to scheduling June 15 and will remain closed throughout the next school year.

Conventions, concerts, special stage productions and other events usually conducted in Shryock Auditorium will be re-set at other campus halls.

### Senior High Dance Tonight at Park Rink

Pete Robinson, recreation supervisor at Wilson Park Recreation Center, announces plans for a senior high dance this evening at the ice rink from 8 to 11 p.m. "Rising Sons" group will play and admission will be \$1.00 per person.

On Friday evening from 7:30 to 10:30, a dance for the junior high students will be conducted at the rink pavilion with a group known as "Simply Six" providing the music. Admission to be \$1.

### Legislative Methods, Outlined in Paper

Methods the Illinois General Assembly uses to speed up its handling of bills are outlined in a paper published May 27 by the Public Affairs Research Bureau at Southern Illinois University. It was written by Frederic H. Guild, senior staff member of the bureau of Carbondale.

Curious about how legislators from "behavioral patterns" to help them in processing the swelling number of bills they must act upon, Guild used a computer to help in finding out how the 1965 legislature apportioned its time.

Records show the legislators in 1965 introduced 3950 bills, and that these bills require a total of 33,590 separate cautions. The jump in the number of actions required comes from the separate readings of the bills in each house, committee actions, and other steps in the handling of a bill.

With the 1965 legislature in session for 571 hours, and a total of 33,590 actions to be completed, this would allow less than 1.2 minutes per hour for debate and other actions, if the legislature proceeded at the rate of one minute per official action.

But with the use of "short-cut" devices such as eliminating committee action, the use of package bills, unanimous consent votes, and perfunctory sessions, in which a few members on the floor handle routine items while the bulk of the legislators are in committee meetings, the legislature reduced the number of steps to less than 14,000 independent actions, Guild said.

This gave the legislature two-thirds of its time to spend on debates, roll call votes and incidental business, Guild reported.

### 2 GCHS Cheerleaders Attend ISU Classes

Miss Ruth Diak, daughter of Mr. and Mrs. George Diak, 3023 Iowa street, and Miss Darla Walton, daughter of Dr. and Mrs. E. W. Walton, 57 Janday lane, have returned to their homes, following a week's work and study at the 15th annual summer cheerleading school at Illinois State University, Normal.

The traditional summer clinics are offered by ISU at the request of high school officials in an effort to improve sportsmanship at athletic events as well as to provide the latest instruction in cheerleading techniques.

Dr. Eugene Hill, ISU professor of physical education and the clinic director, reported that about 700 students were registered in advance for each of the three one-week sessions this month. Bob Shields of the National Cheerleaders Association, Dallas, Tex., headed the staff of 14 instructors.

Daily classes and group demonstrations were held in Horton Field House and a recreational program included opportunities for swimming and a special clinic dinner and program during the week.

### Two GC Girls Attend UMR Computer Workshop

Elaine Menke, 2149 Cleveland blvd., and Kay VanMeire, 2116 Cleveland blvd., are among more than 140 high school students taking part in summer workshops on the use of digital computers in science and industry at the University of Missouri-Rolla.

The sessions help introduce students to basic computing through daily programs in the class and laboratory. Special programs include talks, films, a trip to a government agency and special recreational activities.

## Youth Focus

### Reservation to Care of SIU Coeds Life of Man

Let us call him "Papa," and use that name only, because that is the way he prefers it and besides, that is what all the young people under his eaves call him.

He is 70 years old and he and his 67-year-old wife are the resident "parents" for 50 coeds living in an off-campus dormitory at Southern Illinois University. They know Papa as a quiet, kindly personage of dignity and refinement who bears out their troubles, shares their moments of youthful joy, makes change for them and in general keeps his slightly stooped shoulders always available for leaning on.

Papa is proud of the fact that the girls—he calls them ladies—have never spoken a cross word in his presence. He cherishes the conviction that his dormitory board and all his other friends like him because of his presence, not because they are fascinated by his past. Papa talks reluctantly about his past, even though to a pure American Romantic.

#### Reared as Apache

Papa was reared on an Apache Indian Reservation in New Mexico. He has no idea who his real parents are, but his remembrance of awakening to the meaning of life are his remembrances of life with the Apaches.

They taught him about which snakes were bad ones and which weeds could do strange things to your mind and body and how to ride the horse. They taught him that it is wrong to encroach on another man's tepee and it is dreadfully wrong to steal from him. The principles remain the cornerstone of Papa's personal ethics.

This probably kept him alive. When Papa was old enough to make it on his own—about 13—he left the reservation and went to the ranch on the Gila river. He became a cowpuncher and remembers the other hands as "people who said they were all from Texas, but they were mostly law-avers from Montana and Colorado. When they'd hear about a sheriff in the vicinity, they'd take off for Mexico."

He learned to read by riding horseback 75 miles on his days off to Silver City, where he'd buy children's grammars. The more literature cowhands would help him understand the words.

#### Attended Night Classes

He spent his youth in the southwest and west, working with horses, iron and grain. In Denver he started going to night classes and later, at 17, he had the equivalent of a two-year college degree.

He worked on steel construction all over the west until his hands and fingers, broken in repeated falls, wouldn't let him continue. He "went with the government" in the field of "inspection" but he was not what he inspected. "That is something that had best be forgotten."

Then he went with the Army Ordnance people and was assigned to the old Illinois Ordnance plant in southern Illinois at the Crab Orchard Refuge. He met his bride-to-be on a downtown Carbondale street when he asked if she could direct him to a seamstress for a pants alteration. She was a seamstress.

He spent the last 14 years of his government service supervising work at the Navy's Ordnance works in Arkansas. Finally he had to stop. He has difficulty breathing now because of the terry that built up in his lungs.

#### Resident Supervisors

Papa and his wife retired to southern Illinois and in the fall of 1966 they were given the job as resident supervisors in the girl's dormitory. Papa gets up

at 5 o'clock every morning, as he has done for the days he met the Apache dawn.

He says it is a 24-hour a day job, what with the girls coming in and out, visiting with Papa and his wife, needing some little thing or other, passing the time of day.

Their two-room apartment is free and so is the food and utilities. It is a congenial life for Papa and he plans to live it "as long as they (the dormitory owners) will have us."

Between terms or vacation times, when rooms are vacant, Papa and his wife can have some of their six grandchildren or three great-grandchildren come for a stay. They listen to Papa's stories with obvious awe and delight. It isn't every kid who has a grandpa who lived with Apaches and grew up in the west when it was still wild.

Friends on Level But Papa doesn't tell his stories often; he wants his friendships to be "ones made on the level, for what I am, not what I was." He is, however, quick to assess his life in terms of how he's lived it.

"I have never been arrested and I have no record whatsoever. Most of the men I knew in those days were at some point arrested, jailed, sent to the penitentiary, or killed."

"I don't think I've led a clean life. I have things to do with how one is raised. If a man stops to think, he knows whether something he's about to do is right or wrong. He doesn't have to be trained. I can't believe that you don't know what is wrong or what is right. Just think, that's all."

These days were at some point arrested, jailed, sent to the penitentiary, or killed. "I don't think I've led a clean life. I have things to do with how one is raised. If a man stops to think, he knows whether something he's about to do is right or wrong. He doesn't have to be trained. I can't believe that you don't know what is wrong or what is right. Just think, that's all."

He spent his youth in the southwest and west, working with horses, iron and grain. In Denver he started going to night classes and later, at 17, he had the equivalent of a two-year college degree.

He worked on steel construction all over the west until his hands and fingers, broken in repeated falls, wouldn't let him continue. He "went with the government" in the field of "inspection" but he was not what he inspected. "That is something that had best be forgotten."

Then he went with the Army Ordnance people and was assigned to the old Illinois Ordnance plant in southern Illinois at the Crab Orchard Refuge. He met his bride-to-be on a downtown Carbondale street when he asked if she could direct him to a seamstress for a pants alteration. She was a seamstress.

### USMC Commission For Michael McCarty

During an impressive ceremony held at the Student Union Building at Illinois State University, Normal, Michael R. McCarty, a son of Mrs. Ruth McCarty, 2101 Glen drive and the late John J. McCarty, was commissioned a second lieutenant in the U. S. Marine Corps. The commissioning officer was Major Richard Tharshert, U.S.M.C. and the commission was presented by Samuel E. Braden, president of ISU.

Attending the ceremony was Lt. McCarty's immediate family and his grandmother, Mrs. Mary Smith of Stanberry, Mo. After the presentation, they attended the 100th annual commencement exercises at Horton Field House, where McCarty received his B.S. degree. The newly commissioned officer is slated for basic training at the Marine Corps Base, Quantico, Va., this weekend.

### Former Airline Hostess Works Information Desk

Most people start at the bottom and work their way up, but not Judy Kaye Toner. She started at the top and maneuvered her way down.

This attractive young lady began her hostess career soaring through the clouds aboard an Ozark Liner prop-jet, but found it "90% boredom and 10% apprehension." After two years of "living out of a suitcase" she called it quits and gravitated to the Southwestern campus of Southern Illinois University.

As information desk attendant of the University Center, she now distributes a variety of different chores among some 20 students who are generally considered the building's official hosts.

She concedes that she sometimes does more "racing around" at the university than she ever did in the sky, but dismisses these activities as "routine emergencies."

"Our requirements become heavier during special events at the campus," the shapely brunette explained. "Since the center is the most popular place for gatherings among students and visitors alike, it naturally requires more attention."

As reflected in her title, Miss Toner's primary responsibility is looking after the information desk, which is an important facet of the University Center, as well as the campus in general.

### AI Hirt to Present Concert at Eastern

Trumpeter AI Hirt will present a concert at Eastern Illinois University at 8:15 p.m. Thursday in the Lantz building. Appearing with Hirt in a two and one-half hour program will be Pee Wee Spitzler and Young Set.

Tickets, priced at \$2 and all general admission, are on sale in University Union from 10 a.m. until 12:30 p.m. Monday through Friday. Mail order tickets may be obtained by contacting Walter Elmore, Lantz building. Checks should be made payable to "SIU Summer Activities." Tickets for Eastern students are \$1. Tickets may also be obtained at the box office on the night of the concert.

The head of the Southern Illinois University department of advertising, Donald Hileman, is co-author of the recently revised book, "Where Shall I Go to College to Study Advertising?"

and second row, Art Marzano, Edwardsville, Nancy Sights, Troy; Mrs. Betty Marzano; Tom Ketner, Granite City; Paul Waterhouse, Walnut; Sandy Vosholer, Highland; Shirley Swansen, Bensenville; Martha Bellmann, Troy; and Ronald Davis, Madison.

# Youth Focus

## Tour of Alton State Planned for 'Y' Youths

The YCA youth department will take an excursion next Wednesday to the Alton State Hospital, it was announced by Charles Hasse, youth director. The group will visit the hospital in the afternoon in a three-hour tour, including the building where patients do their handwork and laboratories where tests are conducted.

A bus will leave the "Y" at noon and return about 4:30 p.m. The cost is \$1 for members and \$1.50 for non-members.

## Two Local Graduates At Valparaiso U.

Emmert Paul Dannenberg, son of Mr. and Mrs. Emmert H. Dannenberg, 2962 Madison avenue, and Charles M. Rousseau, a son of Mr. and Mrs. Louis F. Rousseau, 7 Terrace lane, were graduated with a class of 600 graduate and undergraduate students from Valparaiso University in Indiana.

Rousseau received his Bachelor of Science in Business Administration and Dannenberg, whose B.S. also was in Business Administration, majored in marketing and management. The commencement speaker was Dr. Robert Bertram, Concordia Seminary, St. Louis, and degrees were conferred by Dr. O. P. Kretzmann, president, who also spoke for the Baccalaureate service in the Memorial Chapel.

**CHOIR MEMBERS** of Job's Daughters, Bethel 43 installed last week. First row, left to right—Jo Ann Chinn, Nina Teague, Cynthia Todoroff, queen, Connie Beck, flag bearer, Diane Emring. ## Two Attend Week-Long School Lunch Workshop

Mrs. Alma Irvin, 2313 Lynch avenue, and Mrs. Virginia Owens, 1612 Venice avenue, were among 98 persons from throughout Illinois attending a school lunch workshop last week at Southern Illinois University, Carbondale.

The workshop was offered by the SIU division of technical and adult education in cooperation with the school of home economics and the school lunch division of the office of the superintendent of public instruction.

Those attending for the first time studied menu planning, nutrition and quantity food production. Level II, open to those who completed level I last year, covered advanced menu planning and nutrition, purchasing and cost control, and lunch room personnel management.

Level III, for those who had attended two previous years, offered studies in work simplification, sanitation and safety, management procedures and records.

The workshop is designed for personnel in grade and secondary school lunch programs and featured practical and new product demonstrations.

The literary, political and personal papers of John How and Lawson, first president of the Screen Writers Guild, have been acquired by the Southern Illinois University library.

### Artist to Demonstrate Use of Acrylic Paints

Russell Woody, painter, author and lecturer, will be on Southern Illinois University's southwestern campus Friday to demonstrate the use of acrylic paints.

A graduate of the University of Miami (Fla.), Woody received his master of fine arts degree from the University of the Americas in Mexico City, where he studied under John Gidding, Toby Joysmith and Arnold Belkin. The artist has given a number of one-man shows, and his works have been exhibited throughout the U. S. and in Mexico.

Open to the public without charge, the illustrated lecture on how to paint with synthetic media will be given at 10 a.m. in Room 6206 of the Science building.

### Tuition Pays 5% of SIU's Operating Bill

Tuition paid by students covered slightly less than five percent of Southern Illinois University's \$64,363,785 operating bill during the last fiscal year, according to the annual report of SIU Treasurer Robert Gallegly.

The biggest slice of SIU's income—65%—came from state tax funds. Gifts and grants and revenue-producing enterprises at the university itself were the second and third largest sources of revenue.

State appropriations to SIU from tax funds amounted to \$41,263,523. Gifts and grants (\$9 million) accounted for 14% of total income. Auxiliary (revenue producing) enterprises ranging from dormitory rentals to the university laundry, took in \$7,600,000, or 12% of the year's income.

Student activity fees produced slightly more than \$1 million, Gallegly reported. That is 1.6% of total income.

Other income items include student aid funds, investment earnings, sales and services outside of auxiliary enterprises, and contract services.

Student tuition covered exactly \$2,862,698 of the more than \$64 million in expenditures at the university's two campuses. Other miscellaneous class fees, library fines, laboratory breakage charges, transcripts and program change assessments.

### DeMolays to Attend Baseball Game Friday

Members of the Granite City chapter, Order of DeMolays, planned to attend the Cardinal baseball "Teen Night" tomorrow during a regular meeting Tuesday night.

Also discussed was the annual DeMolay state convocation to be hosted by the central jurisdiction Aug. 16, 17 and 18 in Peoria.

The next meeting will be held July 2 when the chapter will have a district meeting.

### Warrant Officer Bell Assigned to Texas

Warrant Officer Randall D. Bell, son of Mr. and Mrs. Harry R. Bell, 2326 Edwards street, has arrived for duty at the Army Primary Helicopter School at Fort Wolters, Tex.

The 26-year-old Army aviator arrived at Ft. Wolters from a combat tour in Vietnam where he flew reconnaissance aircraft for the 1st Cavalry Division (Airmobile).

A 1959 graduate of Granite City high school, he attended Southern Illinois University for two years. Bell entered the Army in March 1966, and earned his Army aviator wings in April 1967.

### Grimshaw Named to UM-Rolla Dean's List

Tom Grimshaw, son of Mr. and Mrs. J. T. Grimshaw, Moberly, Mo., formerly of Granite City, finished the spring term at the University of Missouri at Rolla with a 3.31 grade-point average and was placed on the dean's honor list.

Grimshaw, majoring in civil engineering, resumed his studies at Rolla after being out of school three years while working in the civil engineering field. He and his wife, the former Cathy Jones, resided in Granite City during the period and plan to return here after his graduation in January. They currently are living in Rolla.

The Center For the Study of English as a second language at Southern Illinois University has 85 students from 17 countries receiving intensive English training.

The American Heritage room of Southern Illinois University's Morris library has pieces of furniture from a home often visited by Abraham Lincoln.

Not using chemical weed sprays for corn cultivation can cause a farmer to lose up to \$3.28 per acre in net income, according to Southern Illinois University agronomists.

Southern Illinois University will offer an intensive four-week study course in Russian to be held at Moscow and Leningrad Universities this summer.

### With State Agencies

## Registered Complaints Filed On Obnoxious Tasting Water

Adopted unanimously by Granite City council members as one of the final actions of Monday night's meeting was a resolution to file formal complaints concerning the "ex-remely obnoxious taste and smell" of water about May 1st.

Copies of the resolution are to be sent by registered mail to the director of the Illinois Department of Public Health, the state Sanitary Water Board and the Illinois Commerce Commission, asking that steps be taken "to protect all citizens of Granite City from future occurrences of this kind."

Earlier in the meeting, the council received a letter from the Illinois Commerce Commission in which it was stated the phenol waste found in water was not injurious and that East St. Louis & Interurban Water Co. had taken every step for removing the taste and odor from the water.

However, council members decided to proceed with the resolution in an effort to obtain constant vigilance to prevent future episodes.

In the resolution, the city points out the early May incident continued for several days, despite complaints to the water company.

"The city council is informed and believes that said condition was caused by the emission into the Mississippi River of a pollutant by an industry or industries unknown to the city... and the city is concerned that the material which caused the obnoxious taste and smell to the drinking water may be injurious to the health of the citizens."

The resolution calls upon the Department of Public Health

### St. Louis U. Dental Clinic Open Full Time

The dental clinic at the St. Louis University school of dentistry will continue to operate full-time throughout the summer.

The air-conditioned clinic is open from 9 a.m. to 5 p.m. Monday through Friday. In previous years, shorter hours were instituted during the summer months.

This year, as a result of the decision to discontinue the school after the 1969-70 academic year, an accelerated program has been placed in operation making it possible to retain normal clinic hours throughout the year.

A staff of 170 students is available to care for clinic patients. The students are supervised by a dental faculty of 48. A complete range of dental services is offered to the public.

## Greater Efficiency in His Office, Sec. Powell Reports

Efficiency of his office has been improved and many economies have been achieved during the past three and a half years, Illinois Secretary of State Paul Powell said at a luncheon here Tuesday.

"It is a simple statement of fact that the Illinois secretary of state has more and farther ranging duties than any other secretary of state in the nation," Powell told members of the Granite City Rotary club and a large number of guests.

Listing the various constitutional and statutory duties of his office, Powell commented, "I am everything from librarian to janitor."

He pointed out that the secretary of state administers the drivers' license law, the motor vehicle registration and certificate of title law, the safety responsibility law, the securities law, the corporation act, the records management program and the uniform commercial code.

### Electoral Responsibilities

Powell serves as state librarian, state archivist, keeper of the Great Seal of Illinois, custodian of buildings and grounds, secretary of the State Electoral Board, secretary of the state Court of Claims, secretary of the state Records Commission and editor of the Illinois Blue Book.

He supervises state, federal and district elections, issues notary public commissions, registers trademarks, and maintains an office supply division for all state offices.

Citing the volume of work resulting from these duties, Secretary Powell said motor vehicle registrations have passed the five million mark annually and there are six million licensed drivers for whom he must issue licenses and give examinations to those seeking their first Illinois license and those over 69 years of age.

### All Drivers To Be Tested

"Starting Jan. 1, 1969, every examined every nine years," he noted.

"In addition, the authority to

revoke, suspend or cancel drivers' licenses is vested in the secretary of state. To help us carry out that function, courts throughout the state will send us two and a half million reports of convictions for traffic law violations which we must record in the correct individual file, check the file to determine the status and take whatever action is necessary," Powell said.

The speaker, who received standing applause at the start and end of his talk, said his office has the responsibility of collecting over \$340 million yearly in licenses, taxes and fees, including fees from 120,000 corporations.

By collecting \$2 from insurance firms for each driver license research task, rather than collecting only when a past traffic violation is found, yearly revenue in this category has been raised from \$309,000 to \$1,791,000, Powell said.

### Procedures Tightened

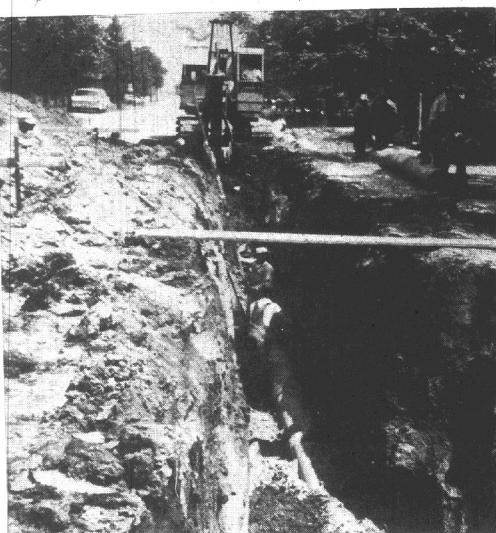

Elimination of late renewals of driver licenses has improved state income by \$600,000, the Rotarians were told. Formerly, if a license had already expired, it was renewed as of the expiration month of the following year, he said.

By seeking competitive bids on publication of annual auto license registration books, \$453,000 was saved, Powell reported, adding that such books will be eliminated entirely a year from now. Instead, a computer system will be installed and police chiefs and sheriffs will radio to Springfield, obtaining the name and address of a licensee within seven seconds.

A new title copying process will reduce five operations to one and trim the time from 30 minutes to five seconds, the official said; data on the more than one million books in the state library also will be made available within a matter of seconds.

License plates are being re-factored to aid in curbing accidents and their distribution has been speeded through advance registration by those wishing to retain their previous numbers, it was reported.

He urged public support of additional traffic safety legislation, and said not enough parents realize that their 18, 19 and 20-year-olds retain driving privileges through parental consent.

**SANITARY SEWER** installation in the North Granite area should be completed in about two weeks by General Contracting Co. Being installed is a 12-inch trunk line along Nameoki drive. Traffic is being detoured over Sinclair avenue.

By Press-Record Staff Photographer

"If more parents and children knew about this, there would be more careful driving," he commented.

### License Alterations Ended

Driving licenses for adults and minors now have different colors, and the word "Void" becomes visible on those which are altered, Powell said.

The speaker said there is corruption in all professions and that honest officials should not be classed with corrupt officials in the public's thinking. He urged that the two parties continue to absorb new ideas and young people into their programs and policies.

"Politics is fine in theory, it is not always in practice. I urge you as individuals—and ask that you urge others—to vote, work in your precinct, attend public meetings and get to know those you're voting for."

"I don't agree that our country is sick. It's still the best country anywhere. Those who don't like it ought to be given a one-way ticket to Russia."

### Ballooning Called Vital

"We must remember that all our freedoms hinge on the freedom of the ballot box and that our freedoms and protection as citizens depend to a great extent on the kind of people we elect to office."

"Too often those who say they cherish liberty won't vote or ring doorbells or do the other things necessary to keep our country strong and healthy," Powell asserted.

He praised the cooperation of the Illinois Optometric Association for aiding him in forming an advisory board that will assist in determining safe vision standards.

Dr. Stanley F. Maer, president of the state optometric group and the day's program chairman, said in introducing Powell that the secretary of state stresses the public interest and public welfare in his decisions. A state legislator 30 years and former House speaker, Powell twice was named "legislator of the year" by capitol correspondents.

Calling attention to a dinner honoring Powell last weekend in Chicago, Dr. Maer said it was the largest such gathering ever held in the world's largest hotel. Five thousand attended the dinner, occupying six banquet rooms, he noted.

**Sanitary Sewer Repair Job Started by City**

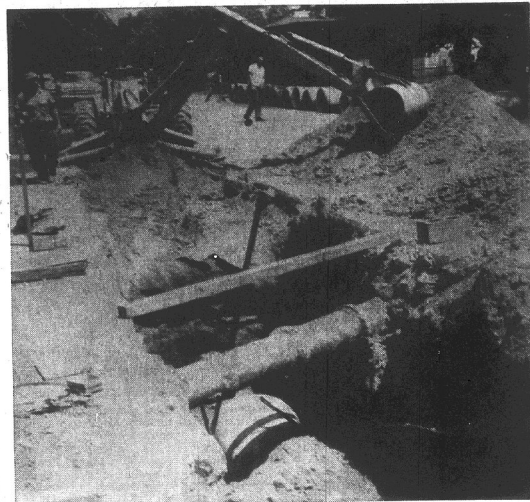

The city street department sewer crew began yesterday to repair a break in a sanitary sewer trunk line along Amos avenue between Franklin avenue and Johnson road.

A furnace pipe sleeve was placed in the broken line over the weekend, and it is hoped the repairs can be made from the manhole instead of by excavating. Warfield said the break is 12 feet underground.

Granite City Rotarians will install Warren Decatur as president and other 1968-69 officers at a banquet Saturday, June 29, at the Ross Bowl.

It was noted that James R. Snelson is the new Granite City Interact club president.

Rev. David Maxton will be the June 25 program chairman.

By Press-Record Staff Photographer

**LARGE, 27-INCH DRAINAGE LINE** being installed along Hall street at the Lincoln avenue intersection by S. M. Wilson & Co. under the city's bond issue storm water drainage program. The line will lead to a ditch along East 23rd street. The smaller, 12-inch pipe extending across the excavation is the existing sewer that serves catchbasins.

### Summer Street Work Under Way in GC

Granite City's annual summer street maintenance program is in full swing, it was reported this week by Street Supt. William Warfield.

A brief delay was encountered yesterday because of rain showers Tuesday night, but work is scheduled for today in the Glenview area and along Center street, and then the contractor crews will move into West Granite.

Warfield said a new RC-5 liquid asphalt has been applied to Feihing road. The program is financed with motor fuel tax funds.

It was noted that James R. Snelson is the new Granite City Interact club president.

AWNINGS—G. C. GLASS CO. 18th & EDISON, TR 7-5400

### Backer Named to Post Of Industrial Club

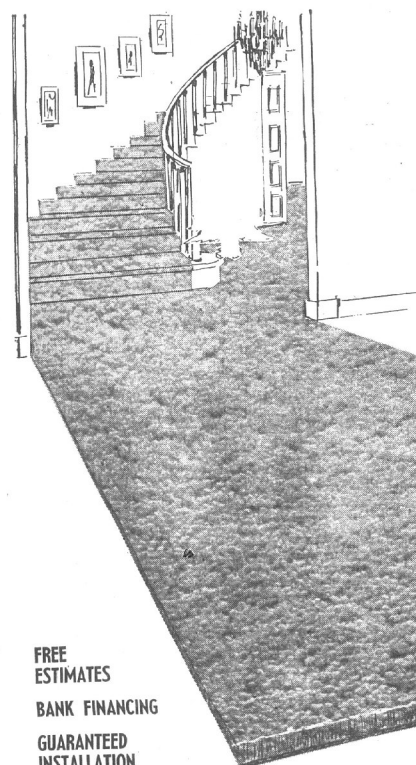

Donald J. Backer, superintendent of personnel, Granite City Steel Co., has been elected as first vice-president of the Industrial Relations Club of Greater St. Louis for the 1968-69 year.

Also elected was William W. Sant, manager of employee relations of Gentrol Steel Industries, as second vice-president. Re-elected president was Lynn H. Davis, personnel manager of Unidynamics of St. Louis.

### Marriage License Issued

A marriage license has been issued in Belleville to Larry G. Johnson of Granite City and Miss Sheila Miller of Belleville.

### STEARNS FAMILY HOLDS REUNION

Thirty-one members of the family of Mr. and Mrs. George Stearns, 2000 Pontoon road, who were here for the eighth reunion of their family returned this week to their homes.

They were Mr. and Mrs. Luther DuNard and children and Mr. and Mrs. Willis York of Kansas City, Mo.; Mr. and Mrs. Carl Todebens and children of Cedar Rapids, Ia.; Mr. and Mrs. Maynard Stearns and Mrs. and Mrs. Sammy Stearns and children of Clearwater, Neb.; Mr. and Mrs. Homer Stearns, Norfolk, Neb.; Mr. and Mrs. Howard Kasmussen, Hubbard, Neb.; Mr. and Mrs. Robert Mason, Lincoln, Neb.; and Mr. and Mrs. Charles Stearns and children of Houston, Tex.

Mr. and Mrs. George Stearns were host and hostess for the event and a number of parties were given for the visitors.

### CO-QUEENS NAMED BY WHITTLE CLUB

Mrs. Nina Eads and Mrs. Gladys Hutson shared the honor of co-queens Monday evening at the weekly meeting of the Whittle Club, which met at the American Legion Home.

Mrs. Peggy Hackney, leader, presided over the meeting and announced the evening's prize winner to be Mrs. Nancy Berna. She also introduced a guest, Mrs. Yvonne Ellis. Mrs. Muriel Byrne closed the meeting with prayer.

Others attending were Mesdames Jacqueline Alfeld, Billie Bag, Mary Jo Akeman, Janice Beatty, Rose Bronnhauser,

ENGAGED, Miss Yvonne Marie DuSablón, whose parents, Mr. and Mrs. Paul R. DuSablón of Sikeston, Mo., are announcing her betrothal to Leslie J. Mitkos, a son of Mr. and Mrs. Leslie Mitkos, 2824 Forest avenue.

Frances Coleman, Helen DeRuntz, Christine Erspamer, Jo Gipson, Edith Harris, Doris Hendricks, Jacqueline King, Shirley Lane, Sally McElroy, Jacquelyn McCreedy, Norma Ruhl, Betty Roberson, Elvira Sharp, Jerry Skaggs, Shirley Sobolewski, Pat Wickman, Marilyn Whitworth, Judy Webb, Doris Edwards and Miss Mary Wetzel.

### MRS. BODNAM HOSTESS TO JR. SERVICE BOARD

Mrs. Marilyn Bodnam, 2812 Yale drive, was hostess Monday evening to board members of the Granite City Junior Service club at a meeting held in her home.

Mrs. Charlene Pohlman, vice-president, presided at the business session in the absence of the president, Mrs. Wilma Edgington.

Mrs. Pohlman, charity chairman, announced clothing has been delivered to a teenage girl the club is assisting this year. She said 1968-69 yearbooks have been completed and will be distributed at the club meeting Monday evening, June 24.

Other announcements included purchase of two uniforms and caps for a boys' baseball team the club sponsors.

The next meeting will be a 6:30 p.m. pot luck dinner in the home of Mrs. Phyllis Stieb, 5 Miami court, for members, prospective new members and guests.

Plans were announced for the club to participate in the Collinsville club's parade in July. The members will attend the St. Louis opera in July.

Mrs. Rena James, chairman of the spring style show, told the group that all the money from tickets has been received. Refreshments were served by Mrs. Bodnam.

BETROTHED, Miss Janet Shelton, whose parents, Mr. and Mrs. Myrl Shelton, 2425 Kilarney avenue, are announcing her engagement to Warren Werner, a son of Mr. and Mrs. Clarence Werner of St. Louis.

### Miss Shelton Is Engaged

Mr. and Mrs. Myrl Shelton, 2425 Kilarney drive, are announcing the engagement of their daughter, Miss Janet Shelton, to Warren Werner, whose parents are Mr. and Mrs. Clarence Werner of St. Louis. The ceremony will take place here Aug. 10 in Granite City.

The bride-to-be was graduated from the Granite City schools and Central Methodist College in Fayette, Mo. She is now teaching in the Decatur, Ill., school system. Her fiancé was graduated from the Ferguson, Mo., high school and Central Methodist. He is an audio specialist and is an employee of a St. Louis firm.

### BIRTHDAY PARTY HONORS ANDY RAPOFF JR.

Andy Rapoff jr. observed his seventh birthday, at a lawn party given this week by his parents, Mr. and Mrs. Andy Rapoff, 2335 Edison avenue. Decorations in the yard were with multi-colored balloons inscribed with "Happy Birthday."

Guests attending were Lynn Rice, Beth Gollinger, Gretchen Holscher, Carla Francis, Denise and Debby Burns, Matthew Harizal, Toby Harris, Marie Fielder, Timmy Elmore, George Whaley, Mark and Ed Burns, the honoree's sister, Nancy Rapoff, Mrs. Charlene Burns, Mrs. Janice Rice and Mrs. Mary Frances Woods.

### ECKERT-DIAMOND WEDDING IS ANNOUNCED

Announcements have been received of the recent wedding in Park Ridge, Ill., of Robert C. Eckert, a son of Mr. and Mrs. Elmer Eckert, 2525 Hodges avenue, and Miss Doris Lynn Diamond, a daughter of Mrs. Robert H. Diamond of Park Ridge.

The ceremony took place June 9 at Redeemer Lutheran Church with the Rev. Norbert Meier officiating.

Both young people graduated this month from Illinois State University in Normal, the bride with a B.S. degree in elementary education. Mr. Eckert will attend North Carolina University in Raleigh this fall on a scholarship for government research, depending on his military status. His bride will teach in the Raleigh schools. During the summer, Mr. Eckert will be employed at Camp Sumner.

## Farm Column

By WARREN W. BUNDY  
Madison County  
Extension Adviser

### Planting and Replanting

Some Madison county farmers say this has been their worst spring ever to get corn and soybeans planted, while others "lucked out" by planting at the right time between rains and are in good shape.

Several fields of both corn and soybeans will be replanted due to poor stands from soil crusting or ponding of water in poorly drained fields.

One farmer said in a recent call he will plant some corn fields the third time—wireworms got the first planting, and crusting kept the second planting from coming up.

Yellow corn plants show in several fields. So far we're not worried about it. A few more days of warm, sunny weather will green it up.

Some corn and soybeans are not working, early use of the rotary hoe and cultivator is advised. Several postemergence herbicides are available and are being used. Some such chemicals may cause crop injury. Farmers have to weigh the cost and risk of crop injury against possible loss the weeds may cause. It pays to control weeds. With the present herbicides it is cheaper and easier, with only a few exceptions, to control weeds before they become a problem than it is to control them after they start to grow.

Applying preemergence herbicides in bands over the row during planting is one of the most effective and economical ways to control weeds in the row—especially annual grasses. Applying the herbicides soon after planting can speed the planting operation, but you'll have to make an extra trip over the field and rain could upset your plans.

**Late-Planted Corn**  
Late-planted corn should be seeded at reduced populations to get the highest yield of quality grain, says University of Illinois agronomist Don Graf. That will reduce chances of moisture, light or nutrient stress. Late-planted corn grows taller but develops a shallower root system that does early-planting corn.

Nitrogen lost by denitrification in the soil may be a problem in fields where water stood a few days or the surface was completely saturated. Such fields can be side-dressed with nitrogen. The amount of denitrification depends mainly on how long water stood on the soil surface, temperature of soil and water, and soil pH. Such loss involves only nitrogen that has already been converted from either nitrate or nitrite. The loss of nitrogen ranges from very little where anhydrous ammonia or an ammonium fertilizer was applied only a few days before the rainy period to a maximum of perhaps ninety percent in ponds where the nitrogen has been applied long enough to convert mainly to nitrate or nitrite.

**Field Tour**  
An experiment field tour is ern Farms Research Center across from South Gate, Scott AFB, Belleville, on Route 161 on Thursday, June 20 at 1 p.m.

At the SIU field day see actual demonstrations on tillage planting, 2-way plowing, land leveling and fertilizer solution applicators with planter attachment. Many other important crop production practices for corn, soybeans and wheat, and for weed control will be shown.

**Gerald A. Riess is Sales Representative**  
Gerald A. (Bud) Riess, an employee of Thermos Division of King-Seely Thermos Co. of Norwich, Conn., has been assigned to sales representative for the Southeastern part of the U. S. His territory includes Alabama, eastern part of Tennessee, southern half of Georgia and the panhandle of Florida.

Riess is a graduate of Granite City high school and has attended Southern Illinois University-Southwestern campus and East St. Louis. His parents are Mr. and Mrs. Orville Riess, 2800 Hodges avenue.

## GC Council Approves Parking Restrictions

Two ordinances setting parking restrictions were approved Monday night by Granite City council members.

A no-parking zone was established on the south side of Jill avenue from Myrtle to Davis avenue and on the north side of Leonard avenue, 30 feet from the corner on the east side of Wayne avenue.

A two-hour zone in the 3100 block of Myrtle avenue near Jill avenue in the vicinity of the Bellemore Medical building sets the restrictive hours from 8 a.m. to 6 p.m. on weekdays and 8 a.m. until noon on Saturdays.

Alderman Bartosik requested a two-hour zone be established for 60 feet in front of 2247 Madison avenue—a laundromat. An ordinance is to be prepared.

### Accident at Crossing

While halted for flashing railroad signals at the 22nd street crossing, the right rear of an auto driven by Max Clinard, 3006 Nameoki road, was struck by another driven by Billy Yarbrough, 2836 Edgewood drive, at 6:20 p.m. Monday.

### Dairy Truck Hits Auto

A dairy truck driven by Donald Wood, Florissant, Mo., pulled away from the curb and struck the left side of an auto driven by Leo LaRosa, 2106 Pontoon road, Monday at 2:00 p.m. near State and 15th.

### 15th-Street Accident

Auto driven by Hugh L. Key, East St. Louis, and Mari- on L. Bain, East Carondelet, collided at 6:40 a.m. Tuesday at 15th and State streets.

### Speeding Charge Filed

Kenneth E. Sipes, 1900 Third street, Madison, was charged with speeding at 4:10 a.m. Tuesday at Nameoki road and Clark avenue.

## State Chamber Backs Air-Water Bonds If Revised

The Illinois State Chamber of Commerce will support new legislation authorizing a \$1 billion state bond issue to fight air and water pollution, E. Stanley Enlund, president, said this week.

The revised natural resources development bond issue, if approved by the Illinois General Assembly in its July 15 session, will go before Illinois voters for approval Nov. 5. The new bill, a substantial modification of legislation enacted last year, is designed to satisfy technical, legal and constitutional objections.

The State Chamber's board of directors approved the new version on recommendation of a special committee. The substitute legislation, proposed by Senator Robert Mitchell and Rep. Carl Klein at a meeting of the Senate Executive Committee, has gone to the House Water Resources Committee.

**Priorities by Legislature**  
The new proposal follows the State Chamber recommendations to eliminate provisions for loans to private companies; raise the maximum interest rate on bonds from 4% to 5%; and grant power to the General Assembly to appropriate the proceeds of the bond sale.

If the revision is adopted, the legislature will be the final authority on establishing priorities and determining when and if

**MRS. IMOGENE MICHOOLS**, 1801 Olive street, receiving a check for \$50.40 as a winner in the A & P Food Stores derby contest. Edw. Stone, store manager, presents the check.

bond proceeds are spent, permitting it to delay or abandon lower priority projects.

In addition, taxpayers would have an opportunity to take an active role in the initial determination of priorities and the amount of money to be spent on each project, while at the same time giving careful review to legislative determinations on how the bonds shall be amortized and where repayment revenues will come from.

**Steps Called Workable**  
"We urge the Illinois General Assembly to give favorable consideration to the amended proposal, and all voters to back this vital-necessary program for Illinois," Enlund said. "With this new version come meaningful and workable steps to control pollution—one of the state's most critical domestic problems."

Enlund said the State Chamber, which he reluctantly op-

posed the original measure, emphasized its desire "to support meaningful steps to control pollution under a modified proposal and an eagerness to cooperate with the legislature in developing satisfactory legislation. After working together, we are confident that rational steps have been taken to control pollution in our state."

He added, "On any list of critical domestic problems facing the country, water and air pollution control rightfully rate high priority. It is the concern of citizens, businessmen and government at all levels and, unfortunately, it is not a problem which can be solved inexpensively. Consequently, it is incumbent on all of us to actively support approval of this new legislation by the General Assembly and the citizens."

## 13 Local Youths To Be Drafted

Thirteen Quad-City area youths are to be drafted tomorrow and are to report at 6:30 a.m. to the county selective service office in the federal building, 132 North Kansas street, Edwardsville.

At the same time, 35 local youths are to report for pre-induction physical examinations. The area's quotas for next month are one man to be drafted on July 19, and 41 others to report for pre-draft physical exams on the same date.

### Income for City

Added income totaling \$67,489 for Granite City was reported to the council Monday night by Clerk Pendleton, who said \$24,244 was the city's motor fuel tax allocation for May and \$42,245 was city sales tax for March.

GM

Chevelle Malibu Sport Coupe

Chevelle prices not only start a full \$100 less than other mid-size cars—it's more car.

We've thought of things for Chevelle that other mid-size cars would like you to forget.

For instance, that full-sized package above gives you a ride that rivals higher priced cars.

(That's because we thought to give it Full Coil suspension. And a separate frame with a computer-refined mounting system cushioning its body by Fisher.)

The choice of engines and transmissions you have is the greatest in Chevelle's field. And if you're a performance buff, you'll find we did some thinking on your wave length: black-grilled SS 396's with Turbo-Jet V8 power you can order up to 350 horses strong.

You also get more ways of putting your personal stamp on a Chevelle than any other mid-size car offers. Take wheel covers, alone. You can order simulated wire ones or mag-style.

Or mag-spoke. Or rally-type.

Even so, Chevelle prices start at full \$100 under any competitive mid-size cars.

How's that for a parting thought?

has ever held. To you it means extra buying power—an explosion of savings—on Chevelles and Chevrolet.

Take a look at these bonus savings plans. Then see your Chevrolet dealer.

**Bonus Savings Plans.**

1. Any Chevrolet or Chevrolet

with 200-hp Turbo-Fire V8, Powerglide and whitewalls.

3. Any big Chevrolet with 250-hp Turbo-Fire V8, Turbo Hydra-Matic and whitewalls.

4. Now, for the first time ever, big savings on power

disc brakes and power steering when you buy any Chevrolet or Chevrolet with V8 engine.

5. Buy any Chevrolet or Chevrolet V8 two- or four-door hardtop model and save on vinyl top, electric clock, wheel covers and appearance guard items.

6. Buy any Chevrolet or Chevrolet V8 two- or four-door hardtop model and save on vinyl top, electric clock, wheel covers and appearance guard items.

7. Buy any Chevrolet or Chevrolet V8 two- or four-door hardtop model and save on vinyl top, electric clock, wheel covers and appearance guard items.

8. Buy any Chevrolet or Chevrolet V8 two- or four-door hardtop model and save on vinyl top, electric clock, wheel covers and appearance guard items.

9. Buy any Chevrolet or Chevrolet V8 two- or four-door hardtop model and save on vinyl top, electric clock, wheel covers and appearance guard items.

10. Buy any Chevrolet or Chevrolet V8 two- or four-door hardtop model and save on vinyl top, electric clock, wheel covers and appearance guard items.

11. Buy any Chevrolet or Chevrolet V8 two- or four-door hardtop model and save on vinyl top, electric clock, wheel covers and appearance guard items.

12. Buy any Chevrolet or Chevrolet V8 two- or four-door hardtop model and save on vinyl top, electric clock, wheel covers and appearance guard items.

13. Buy any Chevrolet or Chevrolet V8 two- or four-door hardtop model and save on vinyl top, electric clock, wheel covers and appearance guard items.

14. Buy any Chevrolet or Chevrolet V8 two- or four-door hardtop model and save on vinyl top, electric clock, wheel covers and appearance guard items.

15. Buy any Chevrolet or Chevrolet V8 two- or four-door hardtop model and save on vinyl top, electric clock, wheel covers and appearance guard items.

16. Buy any Chevrolet or Chevrolet V8 two- or four-door hardtop model and save on vinyl top, electric clock, wheel covers and appearance guard items.

17. Buy any Chevrolet or Chevrolet V8 two- or four-door hardtop model and save on vinyl top, electric clock, wheel covers and appearance guard items.

18. Buy any Chevrolet or Chevrolet V8 two- or four-door hardtop model and save on vinyl top, electric clock, wheel covers and appearance guard items.

19. Buy any Chevrolet or Chevrolet V8 two- or four-door hardtop model and save on vinyl top, electric clock, wheel covers and appearance guard items.

20. Buy any Chevrolet or Chevrolet V8 two- or four-door hardtop model and save on vinyl top, electric clock, wheel covers and appearance guard items.

## Petitions Protest Apt., Homes in New Subdivision

Two protest petitions were received Monday night by Granite City council members.

Residents along Mercer drive and Clark avenue are objecting to construction of a three-story apartment house, proposed by Andrew Clutch and Richard Kostoff, local realtors, on a tract off Johnson road, and residents along Yale avenue are protesting construction of homes with aluminum siding in Wilson Park Estates.

The \$600,000 apartment house development with 48 to 60 units is being sought for the tract lying between Johnson road and Clark avenue and Mercer drive and the Nameoki area drainage ditch.

An R-5 zoning designation is being sought from the present R-4 classification. The council

authorized preparation of an ordinance for the zoning change to be acted upon at next Monday's meeting.

Protests were registered by Henry Lamb, 209 Clark avenue, and Jack Barnett of No. 4 Mercer drive, who served as spokesmen for the delegation.

Their objections were that the area now primarily consists of single family dwellings of one and two stories and they object to a three-story building of the apartment type. Barnett said the apartment structure was looked upon as an invasion of privacy.

Approval of the zoning change had been granted by the City Plan Commission, but Lamb said the residents had

failed to see the notice of the hearing and had not read of the council consideration and were not there to file formal protests.

The Yale avenue residents' petitions contained 30 signatures of persons who protested the types of homes in Wilson Park Estates, saying they "will damage the welfare and property values." They called upon the council to determine if the construction is substandard.

Alderman Robertson said the residents wanted a meeting with the mayor at 7:30 p.m. Tuesday in the city hall, and Jarrett called for the city building inspector to determine if the city's building code requirements are being met. The petitions were referred to the inspector.

Mayor Partney told the aldermen he was unaware of the meeting request, until that moment, and that he had made a prior commitment.

An ordinance is to be prepared for a C-2 commercial zoning designation for a residence at 3704 Nameoki road where Dr. Earl Miller, local dentist, plans a dental office on the first floor and apartments on the second. Off-street parking is to be provided.

Authorization was given for a special use permit requested by Dr. Leo Roman, local optometrist, for professional offices with off-street parking at 2775 Madison avenue, now a residence.

Both requests had previously been approved by the City Plan Commission.

**MANHOLE EXCAVATION** under way on Johnson road east of the drainage ditch shows a crew from the A. H. Seebold Construction Co. preparing for improvement of the roadway. One man is standing at the bottom of the hole.

## Patients admitted Monday

Margaret Manning, Collinsville; Patricia Payne, 4112 Rode; Roy Ferguson Jr., 435 Lincoln; Venice Thomas Krohn, 906 Greenwood, Madison; Mildred Sidwell, 1739 Edison; Morris Kennerly, 2550 Washington; Juanita Williams, 2528 Troy, Madison; George Free, 1106 Grand, Madison; Patricia King, 1023 Bassel, Madison; Jerry Hildreth, 1645 Second, Madison; Rev. ## City's Financial Report for May Shows \$515,394 Cash

The city's financial report for May, submitted by Comptroller Robert Stevens, showed income of \$72,641 for the general fund and a May 31 balance of \$149,819, after disbursements amounting to \$111,343.

The report was not accepted by the council, as it was presented by Alderman Rutledge, chairman of the Finance committee named by the mayor. The council has been voting down reports by the mayor's committees—holding out for reports from its own committees. Overall, including special accounts, the city had cash bal-

ances totaling \$515,394 on May 31. Collection of 1967 taxes is expected to start next week, which should boost the balance figure at the end of July.

A breakdown of the general funds accounts, showing disbursements during May (the first month of the new fiscal year) and May 31 balances in that order, follows:

**Disbursements, Balances**  
Fire department, \$24,917 and \$59,446; water, \$16,627 and \$10,286; street department, \$21,514 and \$52,890; lighting, \$2,973 and \$4,070; pumping station, \$5 and \$18,281; general government, \$10,399 and \$9,070; city hall, \$21,877 and \$2,093; police department, \$29,345 and \$7,875; inspection department, \$21,611 and \$19,338; elections, none and \$2,620; sanitation department, \$625 and \$24,180; interest and judgment, \$6,777 and \$11,118; dog catching, \$854 and \$837; contingent fund, \$223 and \$6,842; city planning, \$713 and \$588; school crossing guards, \$243 and \$184; Illinois Municipal Retirement, \$3,681 and \$722; civil defense, \$836 and \$836; maintenance of sewers, \$918 and \$3,946; various city improvements, none and \$12,822; air pollution, \$551 and \$220; and special fund for changing school crossing lights, none and \$1,805.

A similar breakdown for the general reserve funds follows:

Fire commissions, \$637 and \$12,285; working cash, none and \$22,320; parking meters, none and \$93,546; and sales tax, an \$82,500 transfer, leaving a balance of \$4,868.

Special accounts in the general fund showed no disbursements in May and the May 31 balances were—special police fund, \$38,336; special street fund, \$14,238; special fire fund, \$3,303 and special fire equipment fund, \$11,431.

Non-transferable funds also showed no disbursements in May and the balances were—unclaimed rebate, \$10,291; sewer extension fund, \$1,228; and southern extension sidewalk paving, \$80.

The city had a balance of \$109,787 in motor fuel tax accounts on May 31, including \$106,468 for arterial street maintenance.

## Salvation Army's Youth Program Enrolls 44

The Salvation Army Advisory Board met Monday afternoon at the Grand Cafe and Capt. Harold Thomas reported on the extensive youth summer program that now has 44 young people enrolled.

The youngsters are engaged in daily recreation activities conducted at the Citadel, 10th street and Grand avenue, with the exception of Monday, when the children are taken by bus to Wilson Park for swimming.

He also announced plans to organize a Cub Scout Den 5 which will be sponsored by the Salvation Army. A meeting will be held with Wilbur Trellan, assistant executive, Union district, for the personnel, who will attend training sessions, in preparation for the den.

Capt. Thomas told of the financial assistance needed to send 25 youngsters to summer camp at Bourbon, Mo. Most of the fees were earned with the sale of candy but this does not cover the entire cost. Camp dates will be three weeks in July and two weeks in August.

Several members of the Golden Age group are planning on attending the camp for a week and there will also be a camp day for the group that will be a one day outing.

A report was submitted on the recent property survey in anticipation of a future building program. The survey results have been forwarded to St. Louis, where the decision for such a program will be made.

A report for May showed income was \$3,039 and the expenses totaled \$2,903. During the month, 56 group activities were

## The Garden Corner

Cherries are now ripening in the area. The birds have found the fruits and are making short work of harvesting.

There is not much that can be done to scare the birds out of this happy hunting ground except noise, blunder and some kind of barriers. Aluminum pie tins, paper bags, tin cans, and whirling objects have some value, especially when the wind blows. Nylon netting, threaded nylon, and cheesecloth can be used to physically prevent birds from getting at the fruit.

Some people wrap an old garden hose around the limbs to imitate a snake. This fools some of the birds but not all. In general, the best way to grow cherries for your own use is to plant one tree for the birds and one tree for yourself.

The earliest ripening sour cherry is the Richmond variety. It is a small-fruited sour cherry that is productive and early.

This is followed by the Montmorency variety which is the standard sour red cherry. It is larger than Early Richmond, darker red, and better for freezing. Both varieties make a medium sized tree.

Dwarfed cherry trees can be had by planting the Northstar and Meteor varieties. The fruits of these are not as delectable as the others but the trees are smaller and easier to pick. And, the fruits are so sour the birds do not bother them as much!

Sweet cherries will grow in this area but have not been planted to any great extent. One sweet cherry tree usually will not bear well because they need cross pollination with another variety of sweet cherry.

This means that two or more varieties should be planted for best results. However, birds like sweet cherries better than they do our ones!

**Garden Notes**  
Garden insects have been hungry lately. The most serious pests have been cutworms, bean beetles and cucumber beetles. Various types of worms

have been chewing the leafy vegetables and the cabbage worms are ready to work on cabbage. Weekly applications of sevin, malathion or methoxychlor will hold these pests in check.

Fruits should also be treated weekly to control various insects. A fungicide such as captan or zineb should be added to the spray for disease control.

Sweet corn and green beans should be planted at periodic intervals for another month if you like these vegetables.

Weeds should be controlled now. Although the herbicide dacthal can be used on many garden crops, the hoe and cultivator are the most positive methods of control. Weeds that are permitted to go to seed will mean more trouble next year.

**Mrs. Hornberger Named County EOC President**  
Mrs. Fern Hornberger of Granite City was elected President of the Madison County Economic Opportunity Commission Monday as members rejected four of six nominees on the nominating committee's slate for the coming year.

Other new officers are Bob Gwin, Edwardsville, first vice-president; Charles Hearn, Alton, second vice-president; Mary Pat Edmundson, Alton, corresponding secretary; and Mrs. Virginia Korinek, Collinsville, recording secretary.

The slate presented by the committee included Charles Hampton of Venice for president; Gwin for first vice-president; Mrs. Thomas Weston of Madison for second vice-president; Miss Edmundson for corresponding secretary and Mrs. Hornberger for treasurer.

Outgoing officers are James M. Bailey, president; Mrs. Hornberger, first vice-president; Hugh Hairston, second vice-president; Mrs. Korinek, recording secretary; Louise B. Parker, corresponding secretary, and Dorothy Fink, treasurer.

conducted and attended by 887 persons. Visitation to 248 servicemen at Scott Air Force Base were made with gifts presented to each one. Gifts for 206 inductees were given at the St. Louis Indian Center, and 46 individual cases were given assistance. For this month, the volunteer work amounted to 217 hours.

## HEALTH and SAFETY TIPS

from the AMERICAN MEDICAL ASSOCIATION  
535 N. DEARBORN STREET  
CHICAGO, ILLINOIS 60610

## Cut Calory Intake To Trim Waistline

Counting calories is a favorite pastime among those of us who want to lose weight.

The term "calory" is used as a unit in expressing the energy-producing value of food. When we say that a tablespoon of honey contains about 100 calories, it means that the honey, when utilized by the tissues of the body, will release that amount of energy to be expended in bodily activity.

The usual weight-reduction goal of one or two pounds loss per week is achieved by a daily intake of 500 to 1,000 calories less than the intake needed to maintain the weight at which reducing was begun.

The American Medical Association's home health book, "Today's Health," points out that 1,000 calories represent the smallest practical intake that can produce the recommended daily allowance of essential minerals and vitamins through usual food sources. For children, the minimum figure on which to lose weight is close to 1,600 calories, ensure a margin of safety.

But all of us are different, and caloric needs are an individual affair. They should be worked out in consultation with your physician, permitting you to lose weight steadily and gradually, and at the same time maintain good health and not go hungry.

Whatever program your physician prescribes for you, there is one important thing to remember—calories do count. To lose weight, we must expend more energy than we take in.

Calory charts will help guide you in determining what you can eat, and in what quantity, to maintain your desired daily intake. Some diet specialists now recommend five or six small meals a day, rather than two or three large ones. Others favor periods of complete fasting at the onset of the diet for an excessively overweight person.

## Technical Center May Dwarf Venice Public School Costs

To expedite handling of operating expenses for the newly-created Venice-Lincoln Center, members of the Venice board of education agreed Monday evening to retain the C. J. Schlusser auditing firm to establish a separate bookkeeping system.

The decision was taken in anticipation that fiscal expenses at the federal and state-financed vocational training center will exceed the total budget of the Venice public schools within the next year or two.

Supt. John O. Pier said the budget for programs at the center may reach the \$1 million-plus mark by 1970.

A record-breaking \$1,032,137 appropriation for operation of the Venice public schools in 1967-68 was adopted by the board last year and a similar amount is expected in the 1968-69 budget.

Appropriations from state and federal sources, amounting to \$600,000, have been authorized so far to equip and staff the new vocational center.

Approval of a further \$500,000 grant is expected in order to initiate additional programs later this year and next, Supt. Pier explained.

**Joint Bills Cause Confusion**

Separate funds and accounts must be set up, enabling expenses incurred at the center to be excluded from the regular bill list, Pier told the board.

He said a limited bookkeeping procedure, established two months ago to separate expenses, has failed to eliminate problems, adding that many business firms providing services to the Venice district and the new center continue to combine costs into a single bill.

Salaries of teachers, custodians and office personnel employed at Venice-Lincoln, together with Illinois Municipal Retirement Fund contributions, are paid through the state appropriation.

Other difficulties encountered from fiscal operation of the center, Supt. Pier noted, involve late payment of bills.

He said that claims connected with the vocational center are filed with the Illinois Office of Public Instruction's Adult Education Division, administrators for the state and federally supported program. Reimbursement is received by the local district up to 30 days later.

**District Financing the State**

Board President Michael Leatherman Jr. commented that the Venice school district, therefore, is financing the federal and state government's operation of the school for at least a 30-day period. "This condition is not too prohibitive, except during May and June, when district funds are low prior to the start of the July 1 fiscal year and tax collections," he said.

Bills totaling \$2710 from the educational fund, including \$10,729 reimbursable, for such items as typewriters, \$2700, Tri-angle Typewriter & Supply Co., mimeograph machine and cabinet, \$1068, General Duplicators Co., Bell & Howell projector, \$340, Graham's Book Store, L-shaped desks, students chairs and desks, chairs and bookkeeping desks, \$5675, Blackwell-Wilandry Co.

Other bills approved included sums of \$1219 from the transportation fund and \$324 from the junior college fund. The latter amount was paid to Bellevue Junior College District 322 for tuition costs of Lee Gontierman and Gregory Puente.

Board members transferred by resolution \$801 from the educational fund to the Title I fund and \$10,000 from Title I to the working cash fund as repayments. Other transfers by resolution included \$1317 from the educational fund to transportation fund and \$290 from the education fund to the retirement fund.

**SUBMARINE CHECKS OUT.** U. S. Navy aircraft patrolling the northern coastal waters of South Vietnam checks a 'friendly' submarine which earlier appeared as a blip on the plane's radar.

## Local Air Sailor with Unit On Anti-Submarine Patrols

As a teenager, Roger W. MacZura wrote, "Our flight crews are spending as many as 18 to 20 hours on alternating days, flying radar cover for the ships of the U. S. Seventh Fleet, which presently is operating in the Gulf of Tonkin."

The new Orion anti-submarine planes are equipped to remain on station for extended periods, while the P2 "Nep-tune" aircraft, also operating from Cam Ranh Bay, usually patrol six to eight hours each flight, he said.

The planes and crews of Patrol Squadron 50 (VP-50), including MacZura and Landreth, arrived in Vietnam on April 27. They were placed in service the following day, searching the South China Sea off Vietnam for enemy vessels trying to infiltrate supplies to the Viet Cong in South Vietnam.

The local man said it is the first time a P3 squadron has flown from South Vietnam in support of "Operation Market Time," a series of anti-infiltration air and surface patrols conducted by the Navy along the entire coastline of South Vietnam.

When not on flight missions, MacZura said, many hours are spent in pre-flight and post-flight duties. He commented, however, that during some off-duty time recently, he took the opportunity to visit with Major Mary White of St. Louis, stationed with the U. S. Army Nurse Corps at Cam Ranh Bay, by marriage, Mrs. George MacZura of East St. Louis.

The youth told his parents that he also paid a surprise call on his cousin, Airman First Class James Thomas Dale, a bomb assembly expert with the 360th Civil Engineers Squad on Guam. The airman's parents, Mr. and Mrs. James Thomas, are in St. Louis.

**Plan Zoning Hearings In Nameoki, Chouteau**

Three July 10 in-the-site hearings in this area were announced today by the Madison County Zoning Board of Appeals.

The hearings will be held at 9:45 a.m. on a request by John and Charlotte Ann Sobol, owners, and New Hope Baptist Church, purchasers, to rezone land in Chouteau township (Veronica street) from W-1 limited manufacturing to R-3 one-family residential; at 10 a.m. on a request by Wilbur Spaulding for a special use permit to set a mobile home in an R-3 district of Nameoki township (Long Lake Shore Acres); and at 10:25 a.m. on a request by Richard L. and Patricia L. Scharf for a variation in side yard requirements to build within ten feet of the property line in an R-3 area of Nameoki township (Wildshire Manor).

**Annexation Requested For 3260 Edgewood Dr.**

A request for annexation to the city was presented to the Granite City council Monday night by Louis A. and Shirley Vaughn, 3260 Edgewood drive.

The property is in the second addition to Dream Villa subdivision. The request was referred to City Atty. Allen to prepare annexation documents.

**Comes Close to Friend**

MacZura noted in his letter that on a recent sweep over the USS Ticonderoga, he had come fairly close to a former classmate and friend, Ronald Hall, son of Mr. and Mrs. Ralph Hall, 2484 East 25th street, who is serving aboard the aircraft carrier.

Another former classmate, Lloyd Summers, is aboard the USS Enterprise, also deployed in the area, the Navy airman said, adding that he has speculated on several occasions how many other friends from home are serving on the carriers, Bon Homme Richard and Yorktown and their destroyer escorts, which he has observed while on patrol.

When not on flight missions, MacZura said, many hours are spent in pre-flight and post-flight duties. He commented, however, that during some off-duty time recently, he took the opportunity to visit with Major Mary White of St. Louis, stationed with the U. S. Army Nurse Corps at Cam Ranh Bay, by marriage, Mrs. George MacZura of East St. Louis.

The youth told his parents that he also paid a surprise call on his cousin, Airman First Class James Thomas Dale, a bomb assembly expert with the 360th Civil Engineers Squad on Guam. The airman's parents, Mr. and Mrs. James Thomas, are in St. Louis.

## County Police Force Proposed by Attorney

A county-wide police organization to take advantage of federal anti-crime laws and federal funds for local crime prevention has been proposed by Gerald J. McGivern, Madison county assistant state's attorney.

The new anti-crime bill, now in the hands of President Johnson, could provide manpower, equipment and partial salaries, McGivern said.

"We could train probationary officers and continue the education of senior officers in the ranks," he said.

If federal funds are provided, they could be used to establish a communications network and centralized record files, freeing officers to patrol streets and highways, he added.

The funds also could be used to purchase patrol cars and equipment and partial payment of salaries and additional officers.

The program could be correlated with the Southern Illinois University Center for the Study of Crime, Delinquency and Corrections.

**Young Shoplifter Caught**

A juvenile shoplifter caught at the W. T. Grant store, Nam-eoqi Village shopping center, at 7:20 p.m. Monday was released by police to his parents.

**Celebrates Birthday**

MacZura, who celebrated his 21st birthday on June 4, wrote, "I expected a rather dull birthday for there's not much more you can do for an exciting 21st birthday in Vietnam, except watch and listen to the fireworks in the mountains at night."

"But about 10 a.m. that morning, members of Crews 9 and 11 and several others in the area turned up with a large birthday cake which was presented to me and a larger crewman, Doug, who has just turned 21, by our skipper and crew."

He said the surprise birthday cake was a "bake-shop type" not homemade, "but it cost the fellows a case of beer."

Mrs. MacZura told the Press-Record, "Although Roger would rather be home, he expresses a deep satisfaction in the job he is doing and it seems to us, he is happiest when he is flying as a member of this patrol plane."

The serviceman was graduated in 1965 from Granite City high school and attended Southern Illinois University-Southwestern campus for one year. He enlisted in the Navy Air Corps in October 1966.

Friends may write him at: Roger W. MacZura, ADJ 3, VP-50, Crew 9, Fleet Post Office, San Francisco, Calif. 96601.

### OPPORTUNITIES WITH DOW

The Madison Division of Dow, a major non-ferrous metal fabricator located in the St. Louis Metro-East area has the following career opportunities available:

#### DIE DESIGN ENGINEER

Will work in the Tool and Die Section of our Extrusion Department and be responsible for design and modification of light metal extrusion design. One to three years die design experience required.

#### DEVELOPMENT ENGINEER

Metalurgical or chemical engineer, to perform process development activity in our Technical Services Department. One to four years experience in non-ferrous development activity desirable.

#### DRAFTSMAN TRAINEE

Initial assignments will consist of preparation of simple to moderately complex drawings, calculations of cross sectional areas and weights. Applicants should possess training in mechanical drawing, basic shop math, geometry & trigonometry.

Qualified Applicants Call or Write  
**M. E. J. O'CONNOR, 452-5190 for Appointment**

### SPECIALIST GARY GIUKA ARRIVES IN VIETNAM

Specialist-four Gary D. Giuka, son of Mr. and Mrs. George Giuka, 3145 Davis avenue, who was home on leave recently, arrived in Vietnam this week for a one-year tour of duty.

A 1967 graduate of Granite City high school, he enlisted in the Army on Nov. 20, 1967, and took basic training at Fort Leonard Wood, Mo.

He completed an automotive repair course at the Aberdeen Proving Ground, Aberdeen, Md., where he received his promotion to specialist upon graduation.

Friends may write to him at his new address: Spec-4 Gary D. Giuka RA 16097456, Hq. Main Spt. Co., 27th Maint. Bn., APO San Francisco, Calif. 96349.

### SERVICEMAN HONORED

Mr. and Mrs. William Shurt, 164 Douglas place, Mitchell, were hosts at a barbecue party Sunday in honor of Spec-4 Charles A. Pool Jr., who is visiting relatives and friends this week.

He is the son of Mr. and Mrs. Charles A. Pool Jr., King City, Calif., formerly of Granite City, and is stationed at Fort Hood, Tex.

Those attending were Mr. and Mrs. Felix Tucker, Mr. and Mrs. Richard Rojas and children, Richie and Georgia, Mr. and Mrs. Lloyd Moore, Jennings, Mo., Mr. and Mrs. Oscar Poole, Mr. and Mrs. Debbie Poole and children, Debbie, Patty, Billy and Susan, Mr. and Mrs. Charles Wallace and children, Renee, Diane and Denise, Mrs. Mercedes Erdman, Mrs. Darlene Poole and son, Billy, Claude Poole and daughters, Jane and Mary, Dave Turcott and children, April and Dave Jr., Thomas Smith, John Jones and Joe Costello.

### PADDLERS CLUB PARTY

The Paddlers swimming club held a pot-luck party for new and old members Sunday night at the pool. The buffet dinner, which included roast beef and chicken, took place a day late due to rain the previous evening.

Mrs. Earl Buenger served as chairman of the event. High-

lights included swimming and volleyball.

A "game day" for youngsters aged 6-12 is set for June 26 and a teenage party June 28.

One of the pools is being reserved for adult swimmers each Monday and Friday evening, and a housewives' pool is being held from noon to 1 p.m. Monday through Friday of each week.

### MRS. LOIS HOFFMAN ENTERTAINS CLUB

Mrs. Lois Hoffman entertained her card club Tuesday evening with a dinner at the Rose Bowl, followed by an evening of games.

Prize winners in games of yachzee were Mrs. Betty Thompson, Mrs. Lucy Stucke and Mrs. Myrtle Jeffries.

Others attending were a guest, Mrs. Wilma Carpu of Edwardsville, and Mesdames Nell Talley, Mary Perdue, Laura Scarborough, Edith Ryan and Marian Hartley.

Mrs. Perdue will entertain the members at their next meeting July 9.

### MRS. CAVINS HOSTESS

TO DIZZY DOZEN CLUB

Mrs. Dorothy Cavins entertained the Dizzy Dozen club Monday evening in her home, 1617 Sycamore avenue, for its monthly meeting.

Yachzee was the game of the evening, and those winning prizes were Mrs. Rose Spalding, first, Mrs. Page Curtis, second, and Mrs. Marilyn Patterson, third.

Mrs. Cavins served a late dinner, and those named and Mrs. Faye Giles, Mrs. Anita Sprinkle and Mrs. Helen Schwendemann.

Mrs. Giles will entertain the club for the next meeting July 15 in her home, 1620 Wellington drive.

### BRIDGE CLUB WINNERS

Mrs. Golda Benser and Mrs. Muriel Dressel were the first-place winners in bridge games of the Granite City Duplicate Bridge club Sunday evening at the Elks club.

Second place went to Al Schaefer and Sam Meyer. There was a tie for third place between Mr. and Mrs. Al Lanza.

han, Mrs. Bernice Grzesek and Mrs. Helen Meyer.

On Monday morning, the Nameoki Duplicate Bridge club met in the home of Mrs. Helen Meyer, 2832 Yale drive, director of both clubs.

Al Schaefer and Sam Meyer placed first, Mrs. Helen Coline and Mrs. Lou England second and Mrs. Golda Benser, Mrs. Karmyn Edmonds, Mrs. Verna Meyer and Mrs. Ruth Denison tied for third.

The clubs will meet again June 23 and 24.

### DOUBLE FIVE MEETS WITH MRS. GRIDER

Members of the Double Five club met Tuesday evening in the home of Mrs. Grider, 2675 Washington avenue, for a buffet luncheon. The hostesses used a centerpiece of white and yellow carnations with avocado green lighted candles on either side.

Following the luncheon, Mrs. Grider spoke on movies now being shown in the area, giving a brief account of each one.

The club completed plans to attend a movie and dinner in lieu of the meeting on July 16.

Those attending were Mesdames Carol Cutrell, Judy Jones, Beverly McEwen, Elaine Parrish Jo Ann Staring, Dolores Zaugh, Sandy Covar and LaVerne Hammond.

### Country Club Auction Set for next Monday

Preparing for the opening of the new half-million dollar clubhouse facilities at Sunset Hill Country Club in the near future, the equipment in the present building will be sold at auction next Monday at 10 a.m.

The contents may be inspected Saturday and Sunday and all purchases are to be removed by next Tuesday or Wednesday to permit demolition of the old clubhouse building after June 26th.

Members were advised this week to have their lockers cleaned out by Friday.

The raising of the present clubhouse takes seven to 10 days, during which all clubhouse facilities will be closed, including the swimming pool. The old main clubhouse building was destroyed by fire two years ago.

### GOP Committeemen, District Five, Elect

A meeting of the Republican committeemen of District 5 was held Tuesday evening in the home of Gerald Warren, 4142 East Lake drive.

An election was held and Warren was named district chairman.

Other officers elected included Marlene Serini, vice-chairman; Mary Warren, secretary; and Leonard Nance, treasurer.

Others present were Ross Hogan, Harold Carson, and Fred Segar. Delegates were named to the county convention in Edwardsville Monday.

The old main clubhouse building was destroyed by fire two years ago.

### Left Turn Accident

While making a left turn off Washington avenue, onto Washington avenue, an auto driven by Patricia Loftus, 2002 Hildebrand street, Cloverleaf, was involved in an accident with a car driven by Sherrill Cimard, 3006 Nameoki road, at 5:40 p.m. Tuesday.

## Glenview & East Granite

MRS. DORIS STOTZ  
2571 Hodges Avenue -  
876-8044

Mrs. Virginia Rainwater, president of the Women's Society of World Service of the Good Shepherd United Methodist Church, 3025 National avenue, has announced that the group will hold a rummage sale at the church Saturday from 9 a.m. to 4 p.m.

**CAMP WORK PROJECT**  
Mr. and Mrs. Earl Jarrett and children, Vicky and Patty, 2812 Iowa street, returned Sunday from a work and play weekend at Camp Butterly, Farmington, Mo. They were accompanied by Mr. and Mrs. Harold Rice and children, Laurie, DeAnn and Richard, Mr. and Mrs. Kendall Hillmer and children, Kenny and Mary Beth, Mr. and Mrs. Jack Craig and Mrs. Richard Jones and daughter, Melissa.

While there, the families enjoyed fishing, canoeing and cooking out-of-doors. The men helped prepare tent platforms and boat docks.

The work event will continue this weekend and again in August under the direction of Mr. and Mrs. George Eubanks.

Jarrett, a Seventh Ward alderman, is seeking more families in this area to assist with the program, which he praises as a worthwhile camping experience for an entire family.

**MESZAROS COMPLETES ARMY BASIC TRAINING**  
Mr. and Mrs. John Meszaros, 2639 East 24th street, returned Sunday evening from Fort Leonard Wood, Mo., where they attended a graduation ceremony for their son, Robert Baptist Church, 36th street and

Meszaros. They were accompanied by Mrs. Robert Meszaros, the former Miss Nancy Herman.

Meszaros has completed Army basic training and received Private E2 rank at the exercises. He will be stationed at Port Belvoir, Va., with the administrative group there.

While on a 14-day furlough, he will be residing at the home of his parents-in-law, Mr. and Mrs. William Herman, 2019 Atmos avenue.

A 1965 graduate of Granite City high school, he was employed in the office staff of Granite City Steel Co. prior to entering the service.

**CADETTE COOKOUT, HAYRIDE, BUGGY TOUR**  
Cadette Girl Scout Troop 1174, sponsored by the Webster PTA, met with the leaders, Mrs. Pat Eaton, Mrs. Pat Emery, Mrs. Pam Johnson, Monday evening at the Eaton home, where a car pool had been arranged to transport them to Arlington Heights.

The members were taken on a hayride through Arlington Heights by Gary Douglas. At the end of the trip, the girls roasted wieners and made "some more."

While the cookout was being held, Douglas took some of the girls on an old-fashioned buggy ride. The tour and cookout were financed through a recent cookie sale.

Present were Ruth and Debbie Bird, Pam Clay, Diane Emery, JoAnn Head, Kathy Harrington, Karen Lee, Debbie McKinney, Becky Graham, Darlene Griffin, Cindy Brooks and guests, Sharon and Pam Emery, Rhonda Fort, Robin Ferguson, Lois Rehner, Susan McKinney, Phyllis Stott, Cindy Mors, Freddie Beckley and Donald Davidson.

Transportation was furnished by Mrs. Eaton, Mrs. Jerry Clay, Mr. and Mrs. John Graham and Ed McKinney.

**JUNE MEETING OF CLASS**  
The Ruth class of Calvary Baptist Church, 36th street and

## Some Headway Made in Madison Teachers Talk

Some headway was made in contract negotiations between the Madison school board and Madison Federation of Teachers Local 763 at a meeting Tuesday night, Raymond Dragich, superintendent, reported.

Another session is scheduled for 7 p.m. Monday in the school board office.

The board has offered salary increases from \$31 to \$55 per month. The local has asked salary increases of \$128 per month for new teachers, a decrease in the size of classes to 25 students and other benefits.

The school board will hold its regular bi-monthly meeting at 7:30 p.m. today.

## Traffic Signal Change

Jose M. Mendota, 1647 Olive street, was ticketed at 12:35 p.m. Tuesday on a traffic signal violation charge at 23rd street and Madison avenue.

Washington avenue, assembled at the church for a monthly meeting Tuesday evening.

Mrs. Sue O'Master opened the meeting with prayer, and a devotional on the book of John was given by Mrs. Ruth Conner, class teacher.

A short business session was conducted by Mrs. Conner and reports were given on the general fund and flower fund. The meeting was adjourned with prayer by Mrs. Luella Propp.

Refreshments were served by the hostesses for the evening, Mrs. O'Master and Mrs. Golda Richie, to those mentioned and Mesdames Seals, Sara Thompson, Lattie Harper and Beatrice Henry.

The next meeting will be at the church July 16.

A total of 129 building permits listing values of \$3,141,659 were issued for unincorporated areas of Madison county during May by Jack R. Clifford, county building official.

Included are 83 homes, \$1,557,100; 24 additions and garages, \$92,650; two for churches and schools, \$28,300; one apartment, \$74,000; four businesses and commercial, \$1,388,500; 12 advertising signs, \$1100; and three razing permits.

## Granite City PRESS-RECORD
